June 24 2020

Prestige XS

The only deal is a standard trade agreement
We won't get a high quality trade agt

They have to take out ECJ early on

Other treaty offers?

ECHR – if we have a precision to terminate the agt – if we leave the ECHR
deactivation clause –

3rd country listings } similar
~ data adequacy

financial services = equivalence

They have to say we are data adequate
they have to say our food is OK

(1) Units of Treaty in exchange for ECJ out

Mobility – asymmetry
tourists, short term travellers to go through
e gates

Ell say they want stamping of passports

Home office say we can't go reciprocal

Visa waiver for 3 years?

ll doesn't have to e gates

ny
could begin to use e gates

WC can't have

XS negs paper

- exchange: structure - unity for ECJ not

Rishi - level one

Michael: officer expt? why have to change their grounds.

fisheries - who negotiates?

Journal attachment environmentally sensible

Are all assumptions governing ECJ?

Reaping DAs informed?

Andrew Michaeli

- George: fisheries - we never envisaged

exchanging vessels; it's about true share.

Level 2 on fishing - leading zone

close to lobster pot entrance

Dom: good paper - worried about

transition information on fisheries: level

playing field. we don't want supranational enforcement

or enlightenment but a hortatory statement.

Sueller: good paper: can see shape of a deal

of we can. Law enforcement - we may have to drop

our demands for participation. UK will take account

their position

Alok: Any progress in two weeks?

Priti: paper very clear - we need to be

feasible

Liz: LPF we must be clear that it's a sword

FTA - CETA - FTA - shares concern about tariffs

and mean a lack of certainty in other negotiations -

timescale? When come back for a new decision?

Phone call w/ Tony

Tim: we have not got greater engagement

from Von der Leyen - gave no quarter

she wants to go into this w. some element of

compromise - they don't have an XS for Barnier

they don't have Michael / Macron - Barnier talking

about need for compromise. Judicial cooperation

with compromise of an FTA or LPF, knew there -

positive tone - intensified process. they don't

own bottom lines. Barnier not a creative

negotiator - they are weak / inflexible. Move on

[illegible] can be significant

→ we have to get ECJ out

→ LPF

→ fisheries

→ ECHR

→ data } two probs

→ agriculture }

→ they are fishing

→ offer unity ECJ out

→ more detail on these levels

→ XS teach -

→ DAs - include the but international market bill

Global economy

Debt will rise until December & then decline
cumulative debt is different per to historic debt
consumer confidence
broadly flat
signs of hope –
retail post fall – westfield –
60% increase in westfield

regional card spend – No tourists & people not commuting into Lond –

Much more significant uptick
Chancellor
~~[illegible]~~ Treasury – deep dive into work & employment

Clare Lombardelli
deep global recession –
global economy goes to contract by 5%
UK is very open – exposed

furlough will give way to unemployment

world trade falls off a cliff
WTO says it will fall by 30%

imports of our partners will grow
as good
goods will rebound in Mislands & NW

global FDI to dip below £1 trillion
51% decrease in projects –
UK has attracted FDI
FDI = 73% of gdp

Carrying effects in medium term

TO countries have gone to IMF
ebt relief

ade tensions is the biggest risk
e have introduced export restrictions on some pharmaceuticals

S saying they are moving away from bound tariffs in WTO
S tariff - peace policy has been restrained
ightwiper
he US looks at their trade deficit
S has a much smaller share of trade in their economy

vid is peaking again in India
ome countries will not be able to do that

hokey

NHS

There was a 4 m waiting list BEFORE covid
by Jan it will be 8 m
by w of year it will be 10 m

Simon & Matt proposing 7000 new beds
new wings for hospitals — they want to do that this year

NHS saying this will mean 200,000 off the waiting list

Matt & Rishi need an agreed plan —
we need covid patients when he wants —
we shd decide properly

7000 beds = 35000 staff

A & E queues mustn't come out the door

+ elective care waiting list needs plan

A lot of people didn't need to be in hospital
NHS haven't done it

20,000 doctors re-registered w. NHS
But GMC only used

Small expansion to A & E departments

The web June 25 2020

Sunil Mittal very keen
Even if you only get half of it
[illegible] the total budget is $2.5 bn

What we want is safe spaces - signed reassuring of confidence. We want to stay on 2 feet. It will take 12 months - to get back on our feet. Rent. Compulsion to get deals done. Moratorium can't keep going on - VAT cut. Suppliers P&L - we don't want to go into short time. Mortgage of jobs - long term. Trained person. Just about made sense - furnover

Andy Hornby Thank minister Scully. It's been tough times - we have had excellent. 80 pubs open - fully. 350 restaurants - more cautious, requiring over 3 months. We still return to Central London. If name or contact details - one person per party will be a lot practically easier. Face masks not mandatory if 1m plus. No one have simple solution - rent

Henry Leon - don't create structures where specific licensing offices. Months to make / Moves money away for - procedure interest for co-creation rent - turnover model. No revenue no rent - results

Will Beckett

Fred Hawkesworth W. & Book Loan

1) We had a genuinely world-class industry in hospitality
2) 11% of the workforce. 700 people. What happens for the year?
3) Hospitality - esp restaurants, pubs = glue that holds sectors together. The restaurant. We make a sig diff to cities. Lots has happened to a point. Year of L shaped recession. Takes years to bounce back. Huge opportunity to get back opening up back to full sales. Make all to full sales. VAT. burden of accumulated rent liabilities £100, 000 of payment rent when we r.e. £8700 per

Simon Emery Fullers

Unprecedented experiment. We run 180 pubs - we did Lion

The biggest issue is confidence. We expect confidence to be low. We will have a draft of finances / parts. We have made redundancies - we lost people. We customers back. We don't want to lay people off. We need demand stimulated. Keep business viable - if we can get to be

Alison Allen Stunell / Paul Scully / Sam Woo

at bank. Allison makes deputies to pay

Comparison -

120 hotels per - 140 to support doctors & nurses. We don't have a single case of Neurotic disease. Never pubs crowded. Resurgence - several lockdowns - tragic independent decision. Conference in Dortmund. Avoid not national lockdowns. Make sure we do

Neil Barr International

One of largest hotels 350 hotels. People work. Challenges for us this is the most challenging time the industry has faced. We have a very long road ahead. It is 3 years to get back - return to pre-crisis 16 years. Domestic recovery faster. Job losses with respect consumption. Long term international long haul will take a long time. How can we keep as many employed as possible as long as possible. Stagnation. Huge efforts have put in. We need international travel again. 20% of Union lifts up we get

When designing lockdown, travel stopped - in US travel taking off. Business not only, VAT

Call for Nandos. Phenomenal support for confidence. 1) Clarity - fragmentation. Danger zone. Time bomb deferred of tax + deferred rent

Andy / Vivian Industrial strategy Friday → jan

Alok

Green growth – how do you increase growth & cut emissions
employment & productivity

Vivian

Megatrends – pressure on inequality or going backwards
Even if you don't
Estonia, Iceland, Canada, Singapore
Competitive area as well as level up
Skills & tech adoption. Previous strategy lacked real map
urgency
You have to look at ctrs that are least advantaged &
put in a regeneration plan

① get people to invest in winners
② turbo-charge areas that could be improved
③ Blackpool, Rotherham, Wolverhampton –
appt but not spread them to great like Leeds or Manchester

Haldane

Andy: has been recovery for over 2 months. Sooner & much
faster than anyone expected. Relevant today. Deep & lasting scars
We have significantly outperformed in terms of speed of bounce back.
The short run will shape the medium term. How do we craft an
industrial strategy as a bridge
You do things in depths of recession – supermultipliers. £1 delivers
gen £2 or £3. Businesses not making investment in kit & in people

Businesses can't grow with a debt mountain. Companies will hunker
down & cut jobs & investment. So we need to stop them going into
Business Resolution Authority.

Arms length agency – what is the right form is to allow
creditors – Debt burden is real. You can tackle it
Equity debt – You might want to reprofile the payments
We have lent a lot of money. A business kept afloat delivers a

...tum to the Exchequer. Our companies
...Trust in our productivity. We need to
...g forward investment that would otherwise be
...ayed. The first course is NOT eating the seed corn
...al forward target for R&D to 2024

...xtend & make widespread your regional tax
...edits. Multipliers are big. R&D ought to
...ive investment. ~~Ex~~ Bring forward the
...ement in Rit.

...d new institutional infrastructure -
...tor deals -
...bit randomly chosen
...ocused, scaled & a timeline

...mpult centres - don't have scale or regional reach

...eas & innovation - gets lost
...ot really learning by doing -
...e just don't allow stuff to trickle down
...the business. Jurgen Master of Science
...nsitive initiatives & scale them nationally -
...e need many more firms to be pushing the frontier -
...ys between high row & low row

...Diffusion hubs = 6 or 7 parts of companies

...nancing: long term money - equity money, not
...debt. Investment Bank
...KfW - regional network of investment banks
...Kreditanstalt fur Wiederaufbau

Thursday 2 July economy
2020

10.2% reduction in gdp
less than previous forecasts
May BofE said 14%
a lot of uncertainty
more positive than less positive

US forecast was much stronger
& this lockdown

~~[illegible]~~ proper uptick in card spending
12% on the previous

Mortgage approvals fell
sharply in May
house prices fell

People are coming off furlough a bit
& working from home
Retail & wholesale going down a bit
24 - 15%

Virtuous circle where people's
spending rises

6.1 employment & output intentions
~~more com~~ more companies going to take on
more staff than lay them

Social expenditure -
large purchases ticking up to zero

Rose
Alistair
Haldane

avg and [illegible] being
positive is good
He's picked a few examples but
the weight of the evidence on
the other side

Other paid people working from home
transport capacity a limiting factor

reductions of working from home lessened if
kids at home

Winter planning

Simon Case

Policy to get across
segmentation of the population

Matt: prepare NHS 3
Barnsley, Rochdale, Bradford
NHS is less productive than it was
The worst thing we'd

Priti: Law enforcement

Bibi congratulations

— contrary to Balfour — end of
— we would need to consider our relationship w/ Palestine

— alternative solution
— we will help

We got nowhere in last 53 years. Upwards 10s of 1000s of people. Every time we did a withdrawal we got radical Islamic shooting missiles. The Trump plan that just plan that has the support of the people in Israel. My regard Kerry. My regard Clinton. H's saying the Israelis who are there are going to be there. You do it w/ transportational continuity. You need a tunnel — continuing transportional continuity and territorial continuity. We are recognizing the reality. We are keeping the places that are there. The Palestinians who are there will be full-fledged citizens of Israel. The Palestinians did not come to the table because of the past. The two-state illusion — it will never happen.
Nobody will be uprooted from their homes. My Palestinians who fall in those areas. If we apply Israeli law to those areas then US will rec. it ~~Not~~
OK ancestral homeland.

Tom & Burton Deb Brunert

Nick Dyer — CMS

Helen Mac → Justice

Autonomy ahead on BEIS

Sarah Munby — too much the consultant, not yet the leader

Done DIT for 3 years.

Horizon 2020

Up to you or your decision

if it's too expensive

we have to find the means

Open RADio Access Network

we don't have to rip out 4G

& build 5G

If it's open you can build

again & again

Been pushing Amsterdam for

Minouche

She works on

Hillingdon

1 ward affected where we have been caring

14 covid patients — 13 ~~patie~~ positive
down to zero

New York — the 2 more
we don't know
working through public health England

Tested all the relevant staff

PHE — they haven't all been in contact
w. each other
To that have isolated
social distancing & wearing masks

Use light divert. ~~Most of~~
We have blue light diverts but we will continue
w. much

We've been caring for 4 months & very
strange

Plenty of PPE — ~~I me~~ She is stable at

~~Ed~~ James Slack

Richshot scheme

stamp duty

covid - mandatory face masks

Matt

80% ~~of~~ asymptomatic

Leicester - Boohoo clothing - cheap fashionable

pride all clothing / fan sale

PQ: Randal Marshall

Hormonal pregnancy test

epilepsy

Mesh

} Julia
Cambridge
pulsene epilepsy

Works less

Tom Winsor - assaults

Ineos John Ratcliffe

July 8 2020
