Request to update the Non-Lethal Weapons Capabilities Catalogue

Note by the International Staff

1. The Joint Non-Lethal Weapons Capability Group (JNLWCG, within the NAAG, NATO Army Armaments Group) has established a catalogue, aiming to record the non-Lethal capabilities held by NATO and IP Nations. This catalogue helps the group and Nations to address the Minimum Capability Requirements (MCR) and capability shortfalls in line with priorities expressed by the NDPP. Intended users of this catalogue include planners (supporting planning for exercises and operations), and other CNAD groups.

2. JNLWCG being a joint group, experts and inputs from Maritime and Air domains are sought and needed. This notice is also in line with the action 5.15.1 of the last NAAG Decision Sheet. ("Regarding JNLWCG, NAAG noted (...) that the group's focus remains as (...) the NATO NLW Catalogue. (The NAAG) tasked JNLWCG and the Secretary to liaise with other MAGs and invited Nations to supply data. *Action 5.15.1. JNLWCG and Secretary to seek input of other MAGs to the NLC Catalogue*)

3 This catalogue is a work in progress and Nations are encouraged to review and complete it as necessary, in particular providing the **status** and **NATO stock number**.

4. The catalogue can be found on the DI portal (<u>https://diweb.hq.nato.int/naag/JNLWCG/Lists/JNLWCG%20Catalogue/AllItems.aspx</u>). Annex 1 is the letter from the JNLWCG Chairperson, encouraging Nations to provide data to the catalogue. Additional instructions are at Annex 2.

ANNEX 1 AC/225-D(2023)0008 AC/141-D(2023)0003 AC/224-D(2023)0002

Your assistance is requested in encouraging NATO members and Interoperability Partners to submit information for inclusion in NATO's Non-Lethal Weapons Capability (NLWC) catalog that is maintained by the Joint Non-Lethal Weapons Capability Group (JNLWCG).

The JNLWCG is the focal point for all activities related to NLWC and NLWC aspects of Intermediate Force Capabilities in the NATO Army Armaments Group and across the Main Armament Groups. The JNLWCG has a permanent responsibility to maintain a comprehensive catalog of NLWC that are fielded by NATO members and Interoperability Partners or are under development.

Nations are invited to record their input into the catalog, available on the Defence Investment portal, and allowing ready access to the operational aspects of NLWC, NATO stock numbers, and other pertinent information. The catalog is also used to conduct trend analysis in addressing NATO minimal capability requirements and targets (NATO Blue Book) for NLWC.

For more information regarding the use of the catalogue, please contact Mr. Landmann, in charge of the content(<u>FrankLandmann@bundeswehr.org</u>). For technical questions regarding the DI portal, please contact Esther Savvidis-Toledo (<u>savvidis-toledo.e@hq.nato.int</u>).
