

Hi!

I got offered a clerkship for next fall for a federal judge in edny!! So shocked didn't think I had grades applied for fun

What do you think? I'd have to be in Brooklyn 15 hours a week but I don't know who else to ask advice

Okay are you in California still?

I am dying I can't make myself study it's so weird :(I was hoping to come visit you when I finish exams on the 11th and then try and do the ranch or something to clear my head so I can snap out of whatever this year has turned me into before work starts but didn't know if you'd be there and thought you were maybe mad at me until pop told me I had wrong number

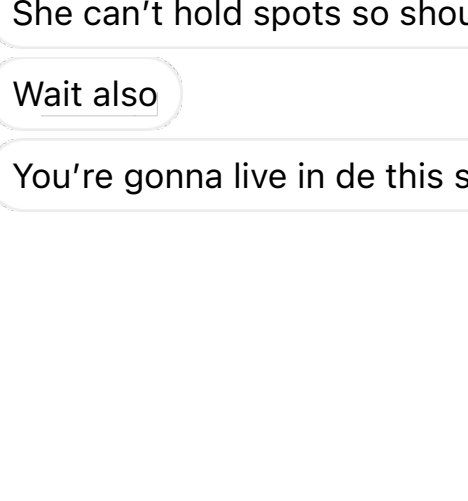

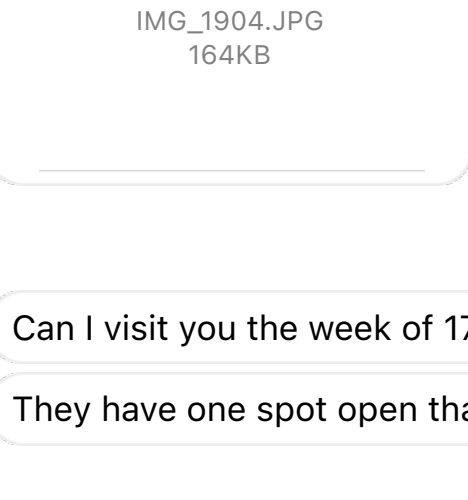

Apr 26, 2018, 10:01 PM

Sorry sweetheart. I'm just sad and feeling sorry for myself. And neglecting my girls. I'm sorry. I'd love for you to visit.

Please don't feel sad - none of us feel neglected we are so proud of you and I'm so happy you're finally taking some time for yourself, I was just worried maybe you thought I wasn't missing you and felt terrible when I realized you were using a different number and hadn't gotten my texts. I will come visit you as soon as I finish exams and will call you tomorrow about trip - just tell me a time that's good to call and the best number to reach you on. Love you

Apr 27, 2018, 8:45 AM

Apr 27, 2018, 4:58 PM

No

Should I call her

Sent 1000. Yes she wanted you to bring her. It's been a very shitty time for her as it has for all of you but she isn't getting any stability or good direction from home.

Ugh poor Natalie she's so strong yes of course I'll find a date for us to come together that would be so great for me too I love being with her. I'll ask her but when works for you?

Middle of next week best

Call her though and let her unload everything on you. She desperately needs someone right now- like you guys did in the thick of all of this but you had mom and your sisters and anyway she truly has no one but morons and people with agendas.

Basquiat crown tattoo hehehe

Aug 14, 2018, 8:28 PM

Like moms cool. Did you really get one?

Yea - I didn't want but didn't want to have fomo and grandma Maisy and Finn were all getting so last minute this morning decided I would too - we went to a really well known artist who is famous for giving tattoos to mastectomy patients and decided on crown for king because grandma was getting and chose this design after Maisy wanted the jean Michel basquiat skate board and we loved his crown design! It's at least on left wrist so I can cover with a watch...

Are you coming to jackson hole did you decide? Love you

Hey dad I need to pay rent and my tuition -- should I text Katie?

Love you call me

Natalie and I are so happy you're our father uncle we love and miss you

Sep 2, 2018, 9:38 AM

Makes me so sad to be once gain to go away. I've tried so hard and succeeded so many times that for me to be told that I cannot see Natalie alone and everyone just lets Hallie relapse lie about it about me- im so tired of trying Naomi so tired of being told to go away- I love you so but your mom did it to me Hallie is doing it and while doing everyone else bidding im taken advantage of they see my support and what I have to do to make enough money just so they can shop at Barneys while I told I can't be amongst them is demeaning and Natalie has joined the chorus and no longer defends me she just yells at me snd repeats the same lines- I love you so much uncashed-- well without ever trying to show she supports all of my choices those words ring so empty. I am so tired of it all of caring so much and being made to be such a burden on you all that me being aw2ay produces smiles and a relief in everyone from dad to Hallie to nat to finn

I'm trying to hold you in my heart asmod remind myself why trying matters but it seems I even disappoint you most of the time.

Have I been that awful

No you've never been awful dad and nobody wants you away - everyone loves you so much and cares so much about you and wants to see you every day . I only want you to be happy and healthy and thought taking time away was what you wanted . You are the only person that ties us all together and our allegiance is only to you if you want to come home we will be so so happy and if you wanted to stay then we would understand we only want to support whatever you want because you've always supported us . We love you tell us how we can help you or can do anything to make you feel better

I have a billion dollar idea I think

Nov 27, 2018, 11:50 AM

Do tell we could use it

Okay well I know they exist already in some form but I think that juul like vapes that had healthy vapors could become huge if it was just branded correctly. Because most people who juul aren't former smokers right so they didn't get it originally for the nicotine and vapes already existed it was all marketing. Like especially for teenagers. But now people want to get rid of juul but want to replace it with something so if there was like sleek healthy replacement and a few celebs had it and it was branded right it could take over spot from juul since they're getting kicked out by government. And like they wouldn't even have to work they just could be like marketed as health or hunger suppressants like u know bc it's not like juul act makes people less hungry it's more just they put juul in mouth instead of food

I've done some market research and they do already make health vapes but it's just not branded right at all it's like my screen protector high end glasses idea where it existed but wasn't branded right

And now they r everywhere bc someone else did my idea lol

Ok let me think on it

Jan 3, 2019, 10:09 AM

Call me immediately please [202-285-2473](tel:202-285-2473)

They will meet you at a private room they will meet you at the gate at the hospital it will take you in the special ambulance directly to the hospital where you will go directly to a private room you will have all the pain medication that you need in order to be comfortable you will be treated like royalty and you will get the best evaluation in the world of which this Doctor Who is the best in the world simply said to me that he was concerned about the meal fracture of the tibia and I asked him if it was his daughter what would he do and he said of course I would get the best evaluation in the world because it is just from looking at x-rays that I sent him definitely something that needs to be evaluated bye a true expert in their field ask Peter's parents of the opinion they Dr Helfett of NY Hospital for Specialty Surgery.

Also I can guarantee that as far as your comfort and pain there is no better course of action than this one I do not want you doing anyway be uncomfortable I am not in someway trying to get you to be in New York rather than DC for any purpose other than your own well-being I was hoping and praying that he would say it doesn't matter where you go but I promise you if you would like to talk to him directly I will give you his number they will lay out the red carpet they will make you totally comfortable from the moment you are off the plane and away to another place I could or would do it no need for going from the hospital to a hotel or a taxi or a car or a hotel or an apartment they will admit you in a private room immediately

Dr helfet would like to talk to the nurse to get the information they would need to be able to meet you immediately the flight information Finnegan's home address and that's it but they want to be able to make sure she's comfortable now to make sure that she is on the proper premedication and any other medication that you need to be the most comfortable they've trying to arrange to meet you at the plane she wouldn't have to move you Finnegan would not have to move a muscle he would be completely comfortable the entirety of the way

Naomi I need to speak to you it's important that you tell me exactly what's going on so that I can be fully aware of her circumstance if I'm not taking something into consideration that I don't know then I am at a great disadvantage to be able to help her the best I can so please call me now

Jan 3, 2019, 7:39 PM

Really I did just that you figure out from this semester on and the rest of her life how to figure out how you can support yourself I never give you another dime again . If you want to go to Pop that's fine. I love you but you never fight for even what is best for your sister

Find an apartment with Peter by next week. And send me the keys and leave all of my furniture and art .

I love all of you. But I don't receive any respect and thats fine I guess -works for you apparently. I Hope you all can do what I did and pay for everything for this entire family Fro 30 years. It's really hard. But don't worry unlike Pop I won't make you give me half your salary.

Jan 6, 2019, 7:09 PM

Miss you dad ❤️

So much. I'm sorry I disappointed you. It makes me so sad. I love you

Jan 7, 2019, 3:36 PM

Hey I checked in with Katie about making sure I hadn't used your card for anything in the past few months and to see if I could use it to pay final cc bill. Pop is mad at me I am unsure why but I'm sure it's because he thinks I've been a bad daughter to you after flying finnegan to dc. I'm truly sorry for how I handled that situation but every single decision I made was to make sure Finny knew I had her back and I only cared about her while mom and you and pop made her feel like she was choosing a side even if that wasn't your intention at all. I love you and I'm sorry for any way I've hurt you recently. I really love you and miss you. From here on out I'm going to do what you said and figure it out

Jan 8, 2019, 9:00 AM

I love you im not mad nor disappointed and I never never never would make anyone choose sides— obviously— because if I tried in the past Ive clearly lost to mom every single time. The three of you spend far too much money. That's my fault. Thing have to change b/c vi little

Because mom has all the money I make and thats a lot. i need to pay OUR debts that WE accumulated and you guys need to start to live that reality and not the one ive created.

I know and Finn and Maisy do too now. We're all writing budgets to give pop and we feel really badly for all the additional stress we've caused. Love you

Feb 4, 2019, 7:08 PM

I love you and hope you had a happy night and I'm glad Finn got to see you ❤️

Feb 7, 2019, 6:45 AM

Dear Naomi,

I'm terribly curious to know how life and your studies are going but I'm writing to you tonight to invite you to take part in a major conference in China at the end of March. I've been asked (due to my own personal quaxi) to help recruit a prominent young leader to attend the Baoa Forum for Asia annual event at the end of March this year. You will see that this is a pretty significant event--prime ministers, presidents, CEO's, university president's etc. Please take a look at their website if you are not familiar with this event (an Asian Davos is their goal) and click on the conference agenda to see who is currently participating (or see the attachment. You would participate in the Youth Leaders Roundtable. (I am also recruiting two senior women administrators for the Woman's Leaders Forum). The Youth Leaders Roundtable is on page 13.

My impression it is pretty light lifting--no long speeches and more

conversational. I ney will riy you business class and or course provide all your accommodations and meals and are happy to try and arrange meetings or introductions for you there or in other sectors in China.

I don't think it would surprise you that they are interested in you thanks to your family name. I would not take offence at that--it is truly the Chinese way (and frankly, better you than that dolt Tiffany Trump). If you are interested can you send me your c.v. and/or a bio? I would forward that and you could expect an official invitation from Li Baodong, the Secretary General of the Forum to follow shortly.

Many thanks for your consideration.

Best regards

Frank

Yes- I would. Do it- bring Peter- ask them for two tickets don't be shy. I like the frankness of your professor but also the event seems worthwhile and something you could benefit from.

okay! love you how're u doing?

Hi hunter just checking in and letting you know I miss you. Hope you're doing great.

Feb 21, 2019, 5:35 PM

DAD I have an opinion about something but I don't know if its dumb and don't want to tell anyone but you. Please please read and tell me what you think I have nobody to discuss with that is smart (no offense).

Basically - I was just thinking about all of the articles in the press about "whether or not Biden is running" and "why is Biden still deciding". The narrative has been that pop is indecisive because he doesn't know if he should put his family through the scrutiny of a campaign against trump.

Right now (since pop has been honest that family is reason he hasn't deciding) the substance of those articles is people speculating that its because "he's too old" , "his son and daughter in laws divorce" , "he doesn't have it in him after losing his son".

I think we should spin it.

We have someone leak that his family is now on board and the real reason he hasn't announced is strategic. Then, the story becomes "what is this secret strategy" , "why advisors have kept this strategy purposely quiet" "how a late announcement will pay off in the long run"

Making it about family before even announcing gives Trump the idea to attack the family and the opportunity to spin his attacks as "Joe Biden knew this was the state of his family and still decided to run"

Is this dumb?! I have been sitting on it for a while but I know pop's strategists have been doing this for much longer and are much smarter so I just wanted your opinion.

Feb 21, 2019, 9:44 PM

Number one, remember that you have been intimately engaged in politics longer than many of the people Pop will be influenced by (times 10) over the course of the next 2 years. Never apologize again for being inexperienced or unqualified to express your opinions about how this horrible process may impact your family. As I say to pop -- "I don't want a seat at the table when you're deciding whether or not to drop a bomb in Iran or raise the tariffs on imported food stuffs- BUT I demand to be at the table when you are deciding how to address a political question that will directly impact all of us as a family!" And so should you.

Second, you're tapping into my angst. I told Pop the first time he said it to never say it again- "I'm worried about how it will impact the family!" He should have never said it to begin with for 3 reasons.

- a) it's not true
- b) it implies his family is weak
- c) it implies you're family (particularly me) will embarrass you.

Sometimes Pop can't help himself. There is literally not a single brain cell he has used considering what the impact would be on me or you or anyone...his factoring in the family had been simply to gauge whether any of us have screwed up so bad it would diminish his chances. You cannot say over and over again (and it's true) that there's nothing any of us have ever done that even impacts the voter in the margins- AND - say that how the Skelton's of his family may make it hard for him to put us thorough the ringer in his pursuit of the office. It's just pure bullshit.

Regardless, he is still using that line by proxy. He doesn't say it himself that directly anymore but all of his advisors do. And the result is the current state of agony I know you and your sisters are going through. How he can't see how angry and frustrated it makes you guys to have the world think Pop may be prohibitively barred from the presidency because your Dad is such a fuck up. All i can say is that if you thinking's frustrating to you then imagine how pained I am (not b/c of how it impacts me) by the embarrassment it causes you.

That's why I write and responded to vanity fair without asking permission.

So my answer to you is this:
You know more ways and better outlets for that leaking than 90% of the people who will be working for him. Let's agree that we will always respect each other's insights and opinions but won't act on them until we at least confer and agree with each other. I'm talking now about you me Maisy and Finn.
Because as much as he is running for President the four of us will have to fight for the image we want impress upon the world in the moment and for history. The stakes for me right now are so high. And I know they affect and impact on you in so many ways and it breaks my heart to think that all you 3 ever have to do is defend me and protect me and I'm sure sometimes feel embarrassed by.

And I know you think this is some kind of blaming I do but I'll say it anyway. You're Mom is influencing the world in regards to me in a way I may never recover from. Her threats of lawsuits for being 22 days late for an alimony payment that's more generous than most billionaires pay and her implying to people that I had an affair with my sister in law while beau was alive and accusing me publicly of failing my family is killing me. And the only 3 people I the world that can make her stop are the 3 of you. I could make her stop - but that would require me returning fire and telling the truth about our finances and her greed and her... you know I'll never do that . I just can't. But she continues to make it almost impossible to see how I ever get back on my feet at least as long as she can use the frying pan we are in to keep turning up the heat on me.

I love you and would like to see you plan fleshed our. We obviously can't imply that he is using the family excuse To by time because that would make him look pretty Machiavellian. Ruthless even.

Thank you Dad. I agree with so much you said and as I'm realizing truly how big the stakes are here and how important this moment is, I'm sorry that you've been facing it alone and I want us to all be on a team, because it's all of us and you're right that we need to be involved because its about all of us. The strategists will never be as invested or care as much as we will. It feels so good to be able to talk to you about it because I'm afraid sometimes that he doesn't have a person right now who tells things to him straight and can see this whole big picture and be clever about it. From what you say it seems like we could still maybe do something on the whole deciding issue, but beyond that I want us to work hard looking at all of the strategy etc that will be upcoming beyond just this. I thought your note to vanity fair was so thoughtful and so good and even then they didn't report on the entire thing just excerpts. I want us to be able to be on the offense with all of this and for us to not just see bad strategy or bad narratives and just respond to the advisors and the press, but actively work ahead of it all even if its not just family specific issues. And with mom I know its complicated and I know its really hard for you. I see both of you upset by it and I want to turn down the heat on it. I don't think what she does gives you the space to recover, but I also know that what frustrates her the most is just not being able to get in touch and having to use the threat of a lawyer for it all. But even if you guys aren't best friends, don't let that stop you from taking on the world because that's only once piece and you are so much more than that. Even with all the complications of your guys's relationship, everyone needs you because you're the one that knows how to do all of this. You're who we always look to for guidance and now as much as ever we need it. I will keep working to try and turn down the heat, but I we have huge things to focus on right and I want to work together. I love you so much and I love the idea being able to be a team facing the campaign that's yet to come, because without you I don't know how to be aggressive with it all. I love you

Well honey i guess youre mom beat me to the punch.

If you say one more time the only reason mom. Does this is because she cant get in touch with me ill never speak to you again.

I always call back the first time so she can say things like im a scum bag liar who neve intended to pay anything and ive been spending all my money on Hallie. And if I think she's ever going to stop than I truly am crazy.

Tell me that Maureen Dowd didn't get that straight from mom or her closest friends. Tell me that Dad's people aren't happier than possible for making it clear im a total loose can reject that he's tried to help but cant. No more Hner problem now.

I'm upset with you you're really hurting my feelings. You don't think about me ever because if I ever crossed your mind you would have texted or called me once in the past month. You know I never ever would say this unless my feelings were truly hurt. But they are, it hurts. I know you have spoken to people and have your phone. I just don't understand because I feel like I would be the least stressful and least anxiety inducing person to talk to because when I talk with you I don't bring up anything stressful or sad or angry I just say hey miss you let me tell you about this random thing at school.

Mom doesn't call me or text me either but that has always been the case with mom I doubt she could even name more than one of my friends from college. I'm not saying you're worse than anyone else I'm just telling you it really sucks to now have no family to just talk to or fill in about life.

I hate that now I'm probably just another one of the 30 people who are asking things of you or complaining to you or attacking you. I loved feeling like a safe place for you and someone who you could always be assured that if you called I'd just say hi I miss you and have a normal conversation with. It makes me feel so sad that I've succumbed to saying I'm upset with you too. I just miss you and I just want you to help me understand why you don't reach out to me so that I can change to make it so that you do. There are so many people I just don't want to talk to because they are annoying or screen their calls because I don't want to have a confrontational conversation and now I feel like I am that to you and I don't know how to not be so please help me figure it out

I love you and I didn't tell you this to make you feel bad or think that I am mad at you. Just needed to get it off my chest because I was scared if I didn't maybe you'd never reach out and that's worse then you thinking I'm another burden

I am going to you tomorrow. I love e you more than the most of the greatest amount the best possible...

Hi dad I know and I'm sorry for blowing up at you - just was having a bad day and overwhelmed with work and missed you and then that made me mad I don't have you but I shouldn't have spoken to you like that (luckily I'm too old to be grounded :)).

You're going to be in New York today? For how long!!
