

EXPOSED: COVID-19 VACCINE

Here are links to some great articles and scientific resources. Hopefully it will be enough to help anyone see that it simply does not make any sense to agree to being in this experiment.

Anybody that encourages or forces people to get this vaccine is putting humanity in serious danger. Here's why:

1. It is **UNAPPROVED** by the FDA. (An EUA, Emergency Use Authorization, is NOT and is very different from an actual approval- [read more here](#))
2. Health effects are **IRREVERSIBLE** as you cannot remove or even detox a vaccine out of your body. Many health effects are long term or permanent. It is also unknown how the new mRNA technology will react with other vaccines (past or future), drugs, viruses, or substances. [Read more here](#)
3. They are **UNTESTED** (the shortest vaccine trail ever was 4 years long, while most take 10-15 years of studies to be proven safe and effective- [read more here](#))
4. Due to rushed and incomplete trials, this vaccine is still **EXPERIMENTAL**- Anybody who agrees to be injected with it is now part of the human clinical trial... making them part of the experiment.
5. The Pfizer & ModeRNA vaccine uses [patented Lipid NanoParticle technology](#) to deliver to cells the patented **Modified RNA** strands, or Messenger RNA technology (mRNA), which genetically code your cells to produce specific protein antigens... which is similar to inserting a hard drive into a computer and have it run the encoded program. There are very little studies about how this will affect our bodies long term.- [read more here](#)
6. The Pfizer & ModeRNA vaccines must be stored in freezers at **-4 & -94 degrees fahrenheit** respectively. What happens when it is injected into a +100 degrees fahrenheit human body? Or what happens if the vaccine is mistakenly not kept at subzero temperatures during travel? Would anyone know? [Read more here](#)
7. The vaccine will **NOT protect against infection**, it is only suspected to lessen symptoms. Meaning "herd immunity" will not be possible and masks, social distancing & lockdowns may still be a reality even after mass vaccination. We also do not know how the body will react when it is exposed to coronaviruses multiple times. Modified RNA is a completely different substance and technology than previous vaccines. [Read More Here](#)
8. Thousands of doctors and scientists who have significant research to prove that this vaccine along with other past vaccines are extremely dangerous have been **HIGHLY CENSORED**, silenced and even killed... forcing people who have experienced the detrimental effects, and those who are waking up to them, to join forces online by creating social networks to share

resources since truthful scientific information is not being publicly broadcasted or made available in search results. Why would highly intelligent people risk their lives & careers to warn others about possible dangers? And why would they be stopped from sharing vitally important information? [Read More Here](#)

Here are a few website that provide sufficient news articles about the realities of vaccines: [The HighWire](#) , [Children's Health Defence](#) , [Vaxxter](#), [Bitchute](#), [BrandNewTube](#),

9. When we are considering vaccines we are saying there is no other cure. However, **THERE ARE OTHER CURES** that even act as vaccines! Doctors have had up to a 100% success rate using Hydroxychloroquine+Zinc+Azithromycin, as well as Ivermectin, which is also being highly censored. Why are these astounding discoveries not allowing us to reopen our world and treat all suspected covid patients with these safe & proven drugs? Why are we being forced to receive an injection that has not been FDA approved and has not gone through the proper steps to prove it as safe for all.. including pregnant & nursing women. We have no idea how it will affect humanity. AND, we will still need to wear a mask, socially distance, and sacrifice our freedoms even after we get the vaccine? Does that make any sense? What is really happening here? [Ivermectin article](#) , [Hydrochloroquine Combo article](#), [ALL COVID TREATMENTS STATISTICS](#)

10. It is also very important to know that the vaccine manufacturers have **ZERO LIABILITY** and cannot be sued if someone is SERIOUSLY INJURED OR KILLED from a vaccine... Which means they do NOT need to worry about the safety of vaccines. Therefore, the ONLY purpose of vaccines is for manufacturers (Big Pharma) to make money from them since they are fully protected by the government if they do major harm to humanity. That is corruption at its finest. [Read More Here](#)
