Former congressman Anthony Weiner's old haunts are coming back into the spotlight once again after he was arrested and sentenced to 21 months in prison for sexting a minor. A list recently released to the public contains information on all of Anthony Weiner's contacts; names, addresses, work, and so forth. The kicker? All of this information was released straight from Weiner's laptop, which is currently being held under evidence by the FBI.

It's important to note that we are not trying to "witch hunt" anyone, and this information is not meant for you to do the same. We are interested in doxing these individuals, rather we are interested in reporting on the doxing list that was released, potentially by a rogue FBI agent. This laptop is under FBI surveillance and the reason we know this is because they found emails sent between him and Hillary Clinton back when the email scandal was all anyone ever talked about. Who else but someone in the FBI would have released this? We aren't saying that it's definitely a member of the FBI, but who else could possibly be responsible?

Now, on to the list. There is a grand total of 639 individuals who are having their private information exposed for all the world to see. People such as:

- Rabbi Arturo Valenzuela
AtCore
Hillary Clinton
Terry McAuliffe, the former Governor who said of the Clinton family, "We are best friends."
John Podesta
Tamara Luzzatto
George Soros
