Program Description:

The Department of Commerce, NATO Joint Force Command Headquarters (JFC HQ) has a requirement for equipment to support the NATO SECRET Local Area Network.

Services

COMPUTER EQUIPMENT
NETWORK / TELECOM SERVICES
LAN/WAN

BACKGROUND:

The mission of the Bureau of Industry and Security (BIS) is to advance U.S. national security, foreign policy, and economic interests. BIS's activities include regulating the export of sensitive goods and technologies in an effective and efficient manner; enforcing export control, antiboycott, and public safety laws; cooperating with and assisting other countries on export control and strategic trade issues; assisting U.S. industry to comply with international arms control agreements; and monitoring the viability of the U.S. defense industrial base and seeking to ensure that it is capable of satisfying U.S. national and homeland security needs.

Requirements:

Information regarding this requirement is only available to bidders that have been properly certified and nominated.

Funding/Contract Value:

Funding information is not currently available.
