Agreement for the next LCGLE Meeting in Denmark

Note by the Secretary

Ref: AC/225(LE)DS(2022)0002

1. Per reference, the Land Capability Group Land Engagement (LCGLE) agreed the kind invitation from Denmark, to host their Spring 2022 Meeting in Copenhagen, during the week of 20-24 February.
2. This meeting will be an opportunity to revive the community up to its pre-pandemic collegial atmosphere, and will help building bonds between the community members, particularly the new members. It will also provide the opportunity to the host Nation and Industries to present their knowledge/capabilities to the NATO Land Engagement community.
3. The NAAG agreement is sought through a short silence procedure until 31 October 2022, to allow the necessary time to the IS to seek higher-level approvals. If the NAAG Secretary does not hear of any reaction, the NAAG agreement for the Spring 2022 meeting on LCGLE to take place in Copenhagen will be deemed granted.
