Kath Biden

I know we all want what is best for Finnegan. I have sent the x-rays to a few doctors here and am getting recommendations. I know Kevin will ensures great care for Finn here in DC too. Kevin told me he would call HSS but that he doesn't actually know anyone there. I think Finn being in NYC will make it difficult as she will be in Naomi's apt until surgery and then have to travel back to DC afterward. I will follow what the doctors think is best but I am getting advice that she will have as much success with doctors here.

Everyone, Kevin, the ER doctor, the Neal's and surgeon here all agreed bringing Finn home for surgery was best thing for her. I don't want to unnecessarily complicate an already very stressful situation. Thank god it wasn't worse and we are so lucky. It would be best if the adults in her life were all on the same page.

Ok Kathleen thanks for your opinion on this matter. I am talking to people at NY Specialty now and just sent the best guy in the world (supposedly )the X-Rays. Amazingly you think you need to tell Popm and me that "we all want what's best for Finnegan." And then go on to give your strong opinion without full investigation. Lets just let me talk to the best in the world — if that doesn't bother you're sense of false superiority and self righteousness parenthood that allowed you to actually be texting me about money when you knew about Finnegan. Anyway enough of all of this- just please put your limited mind back in your drawer of "mediocrity" that you're so proud of and let me send you "our" options that are that are best for Finnegan. Unless you've somehow decided that actually knowing what is true and what is false dosent matter to you anymore.

explaining what has occurred and copying me on email. He will immediately get David Helfet aboard to look at Xrays. Helfet is world renown. The best of the best.
