**Recalling the past, Hua Mulan waits for the white set,
Great record! 1 billion remuneration a year!**

October 22

On September 25, Mr. Luther broke the news for the first time that Yue Xinyu, the white glove hidden in Xi's audit, was the real boss behind many companies.

On September 26, the "Lutheran Society" evening program broke the news again. In addition to long-term actress Ye Xuan, Yue Xinyu also included Liu Yifei, the actress who supported the Hong Kong police and played "Mulan"!

October 22

Yue Xinyu is very much. On a private jet, he had to "exercise". Once he was caught by Yue's wife, and his wife made a big fuss. In the end, he paid 1 billion yuan for divorce. Later, Yue Xinyu fell in love with Liu Yifei, who supported the Hong Kong police, and asked Liu Yifei for a yearly offer through Liu Yifei's godmother. Godmother said one hundred million a year, and Yue said it was fine. Liu Yifei went and said, to raise the price, it will cost 500 million a year! Three months later, Liu Yifei asked for another 500 million (RMB), a total of 1 billion! ! !

Yue Xinyu's parents and Xi's father are family friends! Queen Yue was selected to be sent to Nanjing Institute of International Relations (a special agency for cultivating CCP special agents) for professional international agent training! He is very talented in languages, proficient in English, Russian, and Hebrew (Israeli)! Have a high level of international business communication. With his personal ability, Yue got on the line with Putin by chance and helped Xi successfully win Putin's line, making Putin an ally of Xi and later became the second emperor of the Constitution! It can be seen that the relationship is extraordinary!

Suspense reasoning: In the handjob of Xi White Gloves, how many double repairers are there? ! Otherwise, the price of ten billion Philippines will not allow Yue Xinyu, who is stingy to buy fake Hermes, to be blackmailed...

Look at the present - Ignite the passion Biden!
One billion Philippine glory for the country in 2013? !

Some time after the scandal about the billion Philippines, the Lutheran News Agency revealed an amazing secret tonight: Biden was rumored to be naked on the bed in the dark, and the one who ignited the flame was actually a billion Philip! The location is located in Beijing Dongfang Group Hotel! Time: 2013! Liu Yifei was 26 years old! Correspondingly, on December 4, 2013, the then Vice President Biden and his son Hunter visited China. A few days later, Bohai Financial Holdings signed an exclusive agreement with Hunter's company to form a USD 1.5 billion joint investment fund called Bohai Huamei!

Later, Hard Disk Gate revealed that another Huamei Energy Company established by Bohai Financial Holdings was a special arrangement for money laundering and bribery for the Biden family!

Biden family.

It is true that the "hard drive door" smashed the powerful black gold empire, and smashed the human morals and morals, but what is unacceptable is that Hua Mulan should represent the brave, righteous and kind incarnation of the heroic women of the Chinese nation! Now people are devastated! For the sake of money, you can sell your body and soul without a bottom line!

Hunter Biden has been known for his long-term drug use! However, what I didn't expect was that Mulan, the most beautiful from the East, could actually have an obscene nest with this addict, and personally participated in such a terrible CCP's erotic trap transaction for Biden!

The dark night scenes of power, money, sex, drugs, and fornication brought us back to the reality of the "hard drive door" and suddenly understood why the "hard drive door" appeared and was collectively blocked by all social media almost overnight! And the dignitaries all over the world were silent! ! This chilling effect is very obvious.

In the incident of the Biden family corruption, the truth out of the "hard drive door" is only the tip of the iceberg! When there is a real avalanche, no snowflake is innocent! ! Just like when the iceberg is about to collapse, all the beautiful and moving ice wonders floating on the surface will become dirty historical sediments!

The legendary story of the "Mulan" flashing poisonous light in the "Hard Disk Door" may be just one of many fragments that challenge your human perception!
