BALLIOL
COLLEGE
UNIVERSITY OF OXFORD

Balliol Donors' Day

Saturday 2 July 2016

Dear Mayor Johnson

Thank you for supporting Balliol. Your gifts help the College to teach, to undertake research and to remain open to all the talents - and we would like to thank you in a special way for your generosity.

On 2 July we are hosting our very first Donors' Day and you are warmly invited to join us. You will be able to see for yourself everything your support achieves at Balliol, including:

- Meeting some of our talented students who receive financial support - and the Fellows who teach, challenge, support and inspire them.
- Learning about the role of an experiment conducted by a Balliol Graduate Scholarship recipient and a Tutorial Fellow in the 2015 Nobel Prize for Physics.
- Discovering the treasures of our Historic Collections Centre as it celebrates its 5th anniversary. *"I suppose they thought I was dead": Shakespeare at Balliol in five acts*, follows the College on a 400 year journey with the Bard, meeting some of the many donors who helped along the way.

Refreshments will be served from 10am, when registration opens. The programme starts at 10.30am with the Master's opening session, includes a buffet lunch in Hall, and ends at 4pm with afternoon tea and cakes.

The full programme is being finalised and will be announced shortly. In the meantime, I encourage you to book your and your guest's free place online today as spaces are limited.

I do hope to see you on 2 July.

Dear Mr Johnson

Thank you

I was delighted to receive your recent gift of £50 a month. By making your first regular gift, you have joined a group of Balliol's closest supporters who make a lasting difference to our students.

Trinity Term is now on the horizon and many of our students are beginning to face their exams, dreaming of the long summer vacation. Your support will make a difference to them all, by helping to fund the things that make Balliol so special: first-class tutorial teaching, financial support, and thriving JCR and MCR communities. I am very pleased to share thanks from three returning students who have benefited recently from gifts like yours:

"Last year I received a Maintenance Grant, which helped to ease my worries about fees and accommodation costs, and allowed me to get the most out of my studies. Thank you!"

"Thanks to the generosity of Old Members, I received a few extra tutorials which stretched me in areas I'd never considered before and gave me the confidence I needed to flourish academically. It has helped to make my time at Balliol as fulfilling as it could possibly be."

"I am enormously grateful to have had the opportunity to travel to Russia to carry out research for my thesis this year. I would like to thank the Old Members who have enriched my studies by giving me this chance to immerse myself in Russian history and culture."

Thank you again for becoming part of Balliol's family of donors. We will of course keep you in touch with the difference your gift is making. I do hope to see you back in College soon.

Yours sincerely

Laura Blanco
