Dear Donna,

Further to the visit to my home property on 8 October, I am writing to confirm that:

I have declined for the temporary alarm to be fixed and reinstalled

I have declined the fitting of an intruder detection system.

I am happy to proceed with the fitting of a system with panic buttons, as agreed at the end of October.

I have declined the fitting of a temporary gate. I am keen to proceed with the permanent gate as soon as possible and would be grateful for all necessary action to be taken to speed up any planning approvals for that.
