*Dear Boris,*

On behalf of all of us at the Holocaust Educational Trust, thank you for being an unwavering friend and champion for our cause and for our community. At a time of increasing unease for the Jewish community, it was the leadership shown by you and your Government in standing up against antisemitism that was so vital.

We also could not be more grateful for such a strong supporter of our work and appreciate all you have done in ensuring the legacy of the Holocaust is taught to future generations.

In particular, thank you for the time you have given to hear from Holocaust survivors Manfred Goldberg BEM and Mala Tribich MBE on successive Holocaust Memorial Days. This commitment to becoming a witness and ensuring the Holocaust is remembered has meant so much to survivors and our young ambassador who are determined to carry on the survivor's legacy when there are no eyewitnesses left.

We hope your work with us is a source of pride.

Thank you once again and we wish you, Carrie and the family all the very best.

With thanks and best wishes,

*Wishing you all the best. Thanks for all your support.*

Karen Pollock CBE  
Chief Executive

Karen*
