CO2 X commitments

Hill - Kyoto NDCs  
Politics, coal, cars, houses  
negotiations  
Money

US have done what we can - Unilateral up some  
can we get to 400m

Nuclear are always contested. We will hit \$100bn by 2023  
We need to hit \$100bn for 2022

Rosenthal - Bolsonaro doesn't want to do anything  
substantive.

prior complaint. Moderately hopeful. Article 6  
rules of carbon markets

Glitches - Tied to top of international coal finance

No more new coal financing: huge success

Sik Anders or Indians say no new coal?

Energy security, sovereignty. Renewable targets.

Holding it back. What to do with much money.

System very late.

Net zero. India have gone backwards

S Africa, Indonesia. Lots of vested interests in coal

S Africa - I really need your help

ESCOM - most polluting coal institutions in world.

10 days ago S Africans announced

NDC. Full / finance over very early coal.

of the S Africans can do it - a way out of this

Fossil fuel buy.

Mediation & vaccines

If we are on red list we won't come

Russians in a different place. Right to be prepared to  
sign up to our new commitment

Targets. China, India etc still have to come  
forward w. NDCs

G20 - a gap between advanced economies & their leading  
groups - lack of global standards.

EU climate experts being deployed in G20

Major focus on tech & innovation

Indonesia, Myanmar, Brazil, S Africa, Saudi

GU to get CDC to fix ESCM.

Russians have stepped

are difficult to clone - India still needs  
cash - - Need to put more  
GDP per capita is lower than China  
Struggling to get gas

We need to remove any sense - reducing to  
\$100bn. Major mistakes are now starting to  
take in house,

Instructions need to make a public commitment

[Cals]: SAfrica. No bilateral  
money to deal. Escam  
vacancies.
