

G7 Carb. Bay

June 10th 2021

How much vaccine can we provide?

1 bn doses G7 has bought

total value of G7 doses = 2 bn.

supplied by covax

up to Feb 2021 we had contributed 1 bn dose at \$6 per dose

~~that~~

during 500m doses at cost for Pfizer.

at covax money = 300m doses.

in addition, Germans have given more per head
it have done 70%

500m do 500m US are ready for

100 m EU

100 m UK - including

50 } doses (Canada)

50 }

+ 300 m
in doses

But till year 200

100 EU

30 UK

30 Japan

15 Canada

Dashboard

11th June

Infection rates doubled
100,000 people
increases directly double amount
deaths are around
the NW/South Wales spreading faster
spread directly unvaccinated / yes yes
spread in unvaccinated pps.
cases per 100k - unvaccinated 100k
7540 - highest since start of Feb
131 admissions

876 patients in hospital
COVID in UK
increase in NW - that's what's spreading fast.
different type of distribution
case rates have fallen
60% unvaccinated
15-20% 1 dose
20-25% 2 doses

PV. There will be a great meeting, cases, deaths. But we don't know
which like it are probably. Control cases is much higher than when we
started vaccinating. It will be as high as 2020. We seem to be
clinging to assumption about transmissibility & vaccine efficacy.
Delay buys you a reduction - 4 weeks delay buys you a
very substantial reduction. You get an integrated effect. School holidays,
greater 2nd dose & greater 1st dose. Nobody says reverse.
Delay buys you reduction.

Need to push vaccine uptake

Miki Kaurani

we don't need national booking service
walk-in ops.

get ops to multi centre or local bodies.

Grab a job

provide vaccination centres
2 CVI

They are not more important about younger people
they have to take like more seriously

Emergency ops

45 hrs :

September it starts

6 Sept Flu / covid with working 1
Katie will be

able to offer flu / covid at same time.

Not to sacrifice 1 in preference to the other

Boost programme produces antibodies

50 per 1000, 000

1 in 10k

Small boats dashboard

8 Vists - Pat O'Mahoney.

Law enforcement not overwhelmed.

cost over 2 runs of 14 days of normal water.
high water & facilitators concerned

revenue capacity issue. By stop 5-10 boats:
can't stop more than 12.

Kurdish only manage boats in second wave
if, decrease a number of migrants.

3 migrants in one boat.

Today they stopped all of the boats

by the but migrants they are illegal

3600 in April, same as in July.

but could have been taken care of by the police.

We are paying for 220 officers but they are
being overwhelmed by 600 migrants

split between Paris & local level.

Asylum claims have gone down

Since the courts & planes open up — by the but
small boats rate will fall.

No political leadership on this
Part

range of engagement for Sept 2
tactics. shipping lane. legal challenges.
weather. Sustainable. Deferred.

Continuous At Sea Deterrent. Protection of our borders.
Protect life at sea. Work towards doing better. Posture.

AG

James Eadie, Maritime Counsel.

No. 1000+ end waters. Riding off tactics -
gently cajoling boats. (gently) respectable avenue.

Greenlighting but attempt to defeat the prob.
narrow window of opportunity. Extreme caution.
Can't just take boats into distress

Controlled as the hull but not of the occupants
Jog riding. Nudges to the water road.
Riding off

Traffic Separation Scheme. Zone is middle of scheme.

- 1) Is it in distress - then we have to intervene
- 2) Will it get into distress if I turn it around?
- 3) Will it get into distress if it goes back to France

Then the next

for a port port to get all the boats out.

Tell Macron. Framework. French table

Cleverly

& countries closest to market. Some we can talk about publicly.
Ghana Rwanda Albania Namibia
Need something in September. Not full cooperation yet. MOU.
credible timescale. Negotiate. At pace.
Detailed proposals. Public domain
Rest of types - early September. What will we be willing to pay.

U.K. . Cost money. ODA. Treasury.
Pilot programme.

to help assist centres, reception centres.

Accommodation . Hotel accommodation = unsustainable.
New sites. Naples. PHE problem.
State buildings. Naples.
