'CODDLING' ARABS CHARGED TO U. S.

Way to Peace Is to Bolster
Economy, Not Supply Arms,
Rabbi Miller Tells Zionists

Rabbi Irving Miller, president of the Zionist Organization of America, sharply criticized last night the State Department's policy of "coddling the Arabs under the slogan of impartiality."

He held that any shipment of arms to the Arab states would not be used by them to thwart any Communist aggression in the Middle East.

One thousand delegates from over the country heard his address at the opening of the five-day, fifty-seventh annual convention of the organization in the Waldorf-Astoria Hotel.

The convention will discuss and act upon such problems as the relationship of the American Jewish community with Israel, United States policy toward Israel and the Middle East, and the formulation of plans for greater participation by American Zionists in the economic upbuilding of Israel.

In his report, Rabbi Miller said that the State Department's policy of "appeasement" toward the Arabs had "only served to encourage the Arab politicians to believe that they can continue and even intensify their hostility against Israel with impunity."

Dealing With the Arabs

Maintaining that the Arab states "would never take up arms in defense of Western democracy," the rabbi cited "blunders" made by the United States in supporting "a strong man" or "a military clique" that seized power in the Arab lands.

"It should now be clear that this is not the way to win real friendship for America and the democratic way of life in the Middle East," he said.

"We will not strengthen our interests in that part of the world by building our positions on peshas and politicians who are making the most of their brief taste of power and who seek to deflect public attention from their failures and shortcomings by violent attacks against Israel.

"The only way to win genuine friendship for the West and the Western way of life among the Arab peoples is to raise their standards of living and health, strengthen their economies and introduce democratic ideas in their backward societies."

Rabbi Miller emphasized that American Zionists "time and again have fought to uphold America's true policies and real interests in the Middle East, not only for the Jewish people but for the good name of America and the future of democracy."

Tribute Paid to Dr. Herzl

The opening session was dedicated to the fiftieth anniversary of the death of Dr. Theodor Herzl, founder of the world Zionist movement. Louis Lipsky, chairman of the American Zionist Committee for Public Affairs, paid tribute to Dr. Herzl's Zionist ideals and principles.

Dr. Harris J. Levine, chairman of the convention committee, called for closer cooperation by the Zionist groups in support of Israel's security and welfare.

In a message to Rabbi Miller, read at the session, President Eisenhower declared that the United States was "striving ceaselessly to help solve the pressing political and economic problems" of the Near East and that this entailed the development of "peaceful relations among the people who live there."

A message from Prime Minister Moshe Sharett said that his nation, "in its present ordeals and grave trials still ahead, continues to draw encouragement and sustenance from the great reservoir, devotion and constructive capacity inherent in American Jewry."

Other messages were received from Walter P. Reuther, president of the Congress of Industrial Organizations, and George Meany, president of the American Federation of Labor.

Attached is a memo submitted to me this morning by an employee of this section, [REDACTED] which pertains to a controversy over Zionism that took place in her Foreign Relations of the Middle East class last night. As one member of the class related that some of his Jewish friends had had pressure put on them to divulge information by Zionists who claimed that Jews first allegiance was to Israel, [REDACTED] thought that for future reference the Bureau might want to know of what one source of pressure might be upon Jewish employees of government.

At the present time, I am enrolled in a class at The George Washington University on Foreign Relations of the Middle East which is taught Tuesday and Thursday evenings by a Professor Spenscer. The last two or three lectures have been devoted to Israel, with last night's discussion centering on the development of Zionism, the nationalistic, political theory, as contrasted with Judiasm, the religion. The professor has been quite objective throughout the course, quoting mostly from original correspondence of Middle Eastern Leaders, and from books by both Arab and Zionist authors. He has laboriously and repeatedly articulated the differences between Judiasm and Zionism, and could not, by an impartial observer, possibly be labeled anti-Semitic as he has the highest regard for the Jewish religion. By his educational background, his travels throughout the Middle East, and his rational, un-emotional approach to the subject, he is apparently well equipped mentally and emotionally to teach a class that numbers among its members both Arabs and Zionists.

Last night's class was particularly heated. The professor was reading from Lilienthal's "What Price Israel?" and from "Violent Truce" by E. H. Hutchinson, who was assigned to the UN Truce Supervision Organization from 1951 to 1952 when he joined the Israel-Jordan Mixed Armistice Commission. Lilienthal, who is Jewish, points out in his book the disservice done to Judiasm by Zionists in that the Zionists demand allegiance to Israel first. Hutchinson terms Zionism nationalistic aggression. One boy in the class, who proclaimed himself a Zionist, kept denying the charges against Zionism angrily and proclaimed the above-mentioned observations to be lies. The purpose of this memo lies in the statement made by another man in the class (who from what was said, was also probably Jewish). This second man said that while in the Marines, some of his Jewish friends related stories of Jews who have been asked by Zionists to divulge confidential and secret information. These Zionists put pressure on Jews, the second boy related, by telling them that their first allegiance is to Israel. He did not imply that any of his Jewish friends had turned over any information to these Zionists. This account infuriated the previously mentioned Zionist, who slammed his book on his desk, and walked out of the class. Later in the period it was reported that during the 1948 Israeli-Arab war that the Israelis had an excellent intelligence network, activated in a great many incidences by Zionists putting pressure on Jews in governments throughout the world.

RECOMMENDATIONS: None. Memo written with a thought to possible source of security leaks.

Dear Doctor:

I listened to your discourse with Dean Pike, analyzing our rights, under articles of the Constitution. It was very interesting, as well as an important subject.

Herewith copy of letter, dated, November 9, 1956, to The Hon. Henry Cabot Lodge, Jr., Chief Delegate to the United Nations.

The Zionist Organization of America, an affiliate of The World Zionist Federation is operating in this Republic forty years after the parent organization, conspired, bartered, and sold for a price The Sovereignty of The United States of America. This loss of Sovereignty has embroiled the Republic in two World Wars, and it now looks as if the Republic is about to be involved in a third World War, for the same reason.

In the matter of the restoration of the lost rights sustained by our Citizenry, and the lost Sovereignty of this Republic of 48 Sovereign States, can your organization instituted proceedings with the view of having the United States Congress outlaw this international political organization, The Zionist Organization of America, and The Zionist Federation?

I believe you will agree that such action would be of great assistance to the President in his efforts to maintain the peace.

Yours truly,

Hon. Henry Cabot Lodge, Jr.,
Chief Delegate to United Nations from United States,

Dear Sir:

The following is in answer to the paid advertisements appearing in the New York newspapers under the caption "Suddenly the Middle East Explodes, WHY?"

In November 1916, The World Zionist Organization, at London, England, submitted a proposition along the following lines to Great Britain. The World Zionist Organization proposed that that organization use its influence amongst the World Jewry to bring the United States of America into World War 1 on the side of the Allies, provided that Great Britain in exchange for this service would set aside the territory known as Palestine, then held under a joint trusteeship by Great Britain and France, and to permit the establishment of the State of Israel in that trusteeship held territory. In November 1917, the White Paper called the Balfour Agreement was promulgated, France having agreed to the terms of the proposition. The Balfour Agreement succeeded in bringing the United States of America into World War 1 in May 1917, along with the surrender of the sovereignty of this country.

The cause of the Middle East Explosion is due to the fact that the State of Israel, established under the terms of the Balfour Agreement is holding Great Britain and France to the conditions of that agreement. The action on the Suez Canal incident is a covering alibi for Great Britain and France to undermine the vested interests of the native displaced people of the Middle East for the security and safety of the State of Israel.

A scheme that reveals how the actions of all nations in the world are dominated at one and the same time by the operators of the religion of Judaism, - a political scheme the resulting devastating effects of which have no parallel in world history, - a scheme uncalled-for and unnecessary for the welfare of humanity and the progress of civilization, - a scheme that will be listed in history as one of the acts of iniquity created by the operators of the religion of Judaism.

Yours truly,

Correspondent requested Bureau verification or denial of remarks made by her dentist, [REDACTED]. He is allegedly a "fanatic on the subject of Communism" and the group of persons making up the Communist Party in this country. He has stated that the Zionist party in the United States makes up about 90 per cent of the Communist Party. Correspondent cannot believe this since the Declaration of Independence of Israel is patterned after our own. She stated she would appreciate any information we can furnish her concerning the Zionist movement and the Communist Party working closely together. 67C

We have no literature available on the subject; however, Chapter 19 of "Masters of Deceit" is directly on the point and discusses the Soviet suppression of Zionism and the problem this creates for the Communist Party, USA, to avoid direct attacks upon Zionism which would thus alienate a large section of Jewish people who favor Zionism. It is believed a referral to this chapter will adequately answer correspondent's inquiry.

I have been following the serialization of your book, "Masters of Deceit", in the Amarillo Daily News, and have become so intrigued that my husband brought home the book itself. It should be required reading in every American home and in every American schoolroom, and right here and now I would like to thank you for writing it.

Several questions have been raised in my mind regarding your statement in Part 5, No. 19, "The Communist Attack on Judaism", concerning the Communists in the United States and their position toward the Zionist movement, taken "so as not to alienate that large section of Jewish people who favor Zionism."

ORGANIZATION of America

Just what is the Zionist movement? Why do not all Jewish people subscribe to it? Why do the Communists regard this movement in the United States as something to be protected? Is this movement connected with any international movement, such as the one world movement?

Does the Zionist movement tie in some way with that organization founded in Germany in 1776 known as the Illuminati? Or does the Illuminati even exist today in the United States?

Will you please obtain the following information for me from the
Honorable Robert Kennedy, Attorney General of the United States.

Does our government legally recognize dual citizenship? I have in
mind specifically American citizens, whether native born or
naturalized, who are members of the Communist Party, U. S. A.,
and are therefore under oath of allegiance to the Soviet Union.

How can it be legal for American citizens who are Communists with
their loyalty sworn to Russia to continue to hold positions of
influence in the United States, and to receive the protection
of the Constitution while at the same time pledging the triumph
of Soviet power in the United States?

Copies of this letter are being sent to Chief Justice Earl

When this information is sent to me, I would appreciate your send-

ZIONIST ORGANIZATION

Although, due to the fact that you're much too busy a man to answer every letter you receive, I want you to know that I appreciate very, very much your taking time to answer my letter to you, and for the fine literature which you sent to me, for which I also am deeply appreciative.

Aside from thanking you for your nice answer, I have just one question for you, and if you can enlighten me, fine, but if there is anything that you are not supposed to give out, which may be in connection with an answer to my question, then I'll understand that and not expect an answer.

I have heard from different sources, talk, etc., of a group, or an organization, of men (or people) who are, an international group, who call themselves the "Zionists". I also hear that they control about all of the money, etc., You take it from there.

I might add that I was born here in this city, [REDACTED]

[REDACTED] That means that I am a white man, as is my wife and son. I don't do any soap box orating, I AM (My family all are) Catholic. My creed is in this order, God, Country, and Family. So I don't try to give advice I try to set a good example, and look to people like yourself for advice.

Sincerely,

M

Mr. J. Edgar Hoover, Director,

Dear Mr. Hoover,

Black Organization

Just received yours of August 14, (2.), and thanks very much for taking the time to answer my last letter to you. I do appreciate it very much--also the enclosures. I read them and pass them on to those who want to learn more about our enemies, and what to do about them.

Also, please accept my apologies for asking for something of for information, as I did. I know better, too, for once in the past, I called in to this local branch of the F.B.I., with a little information, which I thought they might find of use, and when at a later time, I asked if my information had been of any value to them, I was then told that no item was divulged, if there was anything to my story, and then, even, I understood why: so, believe me, that had slipped my mind, or I wouldn't have asked you. It is, nor ever has been, my intention to try and find out things which are not supposed to be divulged. I was only curious.

Needless to say, as I've been told, and have seen in print, when I hear of, or even see, anything that I might think is not right, I'll report it, as I did on the other occasion to the local branch, and try and remember not to call back later and ask what they found out.

I hope this letter explains to you that I wasn't necessarily trying to pry, and with this goes my best wishes for your continued success in your undertaking, and my best wishes for the health and happiness of you and your family, and May God Bless you in all your work.

Very Sincerely Yours,

Dear Mr. Hoover,

0 Zionist Organization of America

I cannot put off any longer writing to you - if you would be so kind as to give me information regarding something that bothers me very much. You see, on an "Open Mike" Radio program - one certain individual constantly call in regarding "the Zionists" as international gangsters, Communists, One Worlders responsible for the World Wars, the Depression and heaven knows what not. Never any documentation - just wild charges or statements as fact. My understanding of "the Zionists" is that the Zionist movement - organized as a world wide attempt of Jewry - has fostered the setting aside of Palestine as a home for the nation of Israel. This is also set forth in "The Jew and Palestine in Prophecy" by the late Dr. M. R. DeHaam - Iondervan Publishing House Grand Rapids, Mich.

I feel certain that if the Zionists were subversive and all that this man claims, surely the F.B.I. would be in the position to know. And if not as I feel they are not, I would feel better to prove once and for all that this is not as he claims.

I cannot think of any authority to turn to for verification than to you, Sir. Thank you very much for any enlightenment you may give.

Respectfully yours,

b7C, b7D

NOTE: Bufiles contain no record of correspondent. Correspondent's inquiry is an apparent reference to a document known under the title "Protocols of the Elders of Zion," which has been described by the Senate Committee on the Judiciary as a fabricated historical document. This is considered to be a vicious hoax in an effort to set class against class and religion against religion to subvert the American system. These Protocols set forth the particulars of an alleged scheme whereby Jewry has planned to dominate the entire world through political manipulation of the governments of the world. The above address has been confirmed as correct by the telephone directory.
