EXPLANATORY NOTES

AGREEMENT

- 1. This NATO Standardisation Agreement (STANAG) is promulgated by the Director NATO Standardisation Agency under the authority vested in him by the NATO Standardisation Organisation Charter.
- 2. No departure may be made from the agreement without informing the tasking authority in the form of a reservation. Nations may propose changes at any time to the tasking authority where they will be processed in the same manner as the original agreement.
- 3. Ratifying nations have agreed that national orders, manuals and instructions implementing this STANAG will include a reference to the STANAG number for purposes of identification.

RATIFICATION, IMPLEMENTATION AND RESERVATIONS

4. Ratification, implementation and reservation details are available on request or through the NSA websites (internet http://nsa.nato.int; NATO Secure WAN http://nsa.hq.nato.int).

FEEDBACK

5. Any comments concerning this publication should be directed to NATO/NSA – Bvd Leopold III - 1110 Brussels - BE.

AIM

1. The aim of this agreement is to register national acceptance of AEPP-2.

AGREEMENT

2. Participating nations agree to use AEPP-2 and any subsequent changes published periodically as a manual for providing guidance and procedures that if followed will minimise the risk of damage, by electrostatic discharge, to static sensitive devices.

IMPLEMENTATION OF THE AGREEMENT

3. This STANAG and AEPP-2 are implemented when a nation has issued necessary orders or instructions, putting the provisions covered by the agreement into effect.
