NATO LETTER OF PROMULGATION

04 June 2018

1. The enclosed Allied Explosive Ordnance Disposal Publication, AEODP-9, Edition B, Version 1, THE OPERATION OF THE EXPLOSIVE ORDNANCE DISPOSAL TECHNICAL INFORMATION CENTRE (EODTIC), has been approved by the nations in the Military Committee Land Standardization Board, is promulgated herewith. The agreement of nations to use this publication is recorded in STANAG 2834.
2. AEODP-9, Edition B, Version 1 is effective upon receipt and supersedes AEDOP-9, Edition A, Version 1, which shall be destroyed in accordance with the local procedures for the destruction of documents.
3. No part of this publication may be reproduced, stored in a retrieval system, used commercially, adapted, or transmitted in any form or by any means, electronic, mechanical, photo-copying, recording or otherwise, without the prior permission of the publisher. With the exception of commercial sales, this does not apply to member or partner nations, or NATO commands and bodies.
4. This publication shall be handled in accordance with C-M(2002)60.

CHAPTER 1 INTRODUCTION

1.1 AIM

The aim of this agreement is to establish the method of operation of the Explosive Ordnance Disposal Technical Information Centre (EODTIC) during Peace, NATO Lead Operations, both *Article 5* and *non-Article 5* Operations.

1.2. AGREEMENT**1. Participating nations agree to:**

- a. Establish and maintain the EODTIC, which is to provide facilities for the exchange of Explosive Ordnance Reconnaissance (EOR) and Explosive Ordnance Disposal (EOD) information.
- b. Support the EODTIC by assisting in its operation by:
 - (1) Providing the EODTIC library with national publications and EOD related information.
 - (2) Drawing the attention of the Explosive Ordnance Disposal Inter-service Working Group (EODWG) and EODTIC staff to any further sources of EOD information.
- c. Provide the necessary funding to establish and maintain the EODTIC on an equal share basis. The annual maintenance cost for nations shall begin from the first accounting period after ratification and implementation of STANAG 2834. Subsequently the annual maintenance cost for each country will be adjusted to reflect the revised number of implementing nations.
- d. Provide, on an annual basis, the address of the correct national department to whom the bill for their share of the annual maintenance costs should be sent.
- e. Provide national points of contact for urgent and routine EOD technical information.

Note: Information related to Nuclear Weapon Disposal, Improvised Nuclear Device Disposal and other specialist / sensitive EOD training are not included in this agreement but may be the subject of bi- or multi-lateral agreements between the nations concerned.

2. The terms, definitions and abbreviations used in AEODP-9 are listed in Annex A of AAP-6 or AAP-15.
3. The details of the operation of the EODTIC are detailed in Chapter 3 and the procedures for requesting information are detailed in Chapter 4.
4. This agreement is intended to provide the basis for exchange of both urgent and routine EOD technical information. This should be congruent with NATO and national operational planning. This agreement does not grant any additional powers to the NATO Armed Forces with respect to Status of Forces, civilian authorities or to civilian responsibilities.

1.3. IMPLEMENTATION

This AEODP is implemented when a Nation has issued the necessary orders or instructions prescribing the adoption of the procedures contained herein.

CHAPTER 2 ADMINISTRATION

2.1 LOCATION

1. The EODTIC is facility is operated for the mutual benefit of those NATO countries contributing to its support and is hosted by GBR at the following address:

St Georges Barracks
BICESTER
Oxon
OX25 1PP

2.2 COMMAND AND CONTROL**2.2.1 Functional Command**

The EODTIC Operations Team, established by the Explosive Ordnance Disposal Information Panel under the Land Standardization Boards EODWG has *Functional Command*¹ of the EODTIC and will:

- a. As the core supervisory team, provide guidance and direction to the Director of Operations for the efficient and transparent operation and progress of the EODTIC
- b. Monitor the operation and progress of the EODTIC, including digitisation, completion of the Transformation Project and technology refreshment as required, reporting back to the EOD Information Panel.
- c. Set annual EODTIC Inspection criteria.

2.2.2 Administrative Control

The Host Nation has Administrative Control (ADCON)² of the EODTIC and nation procedures will be used for all administrative process including, but not limited to: employment of civilian staff; pay, promotion and reporting; security and accounting procedures. The Host Nation Head of Delegation (HoD) for the EOD WG will ensure appropriate ADCON measures are in place³.

¹ Functional command - A command organization based on military functions rather than geographic areas. 01 Mar 1973 - AAP-6

² Administrative control (ADCON) - Direction or exercise of authority over subordinate or other organizations in respect to administrative matters such as personnel management, supply, services, and other matters not included in the operational missions of the subordinate or other organizations. 01 Apr 1971- AAP-6

³ Currently ADCON of the EOD TIC is conducted through the St Georges Barracks, Bicester.

2.2.3 Tactical control

1. The EODTIC is a non-deploying unit and therefore not directly subject to Tactical Control (TACON) ⁴ however the Supreme Allied Commander Europe, as the commanding officer of Allied Command Operations (ACO), or delegated subordinate Commander, will provide Operational Direction and Guidance to the EODTIC for NATO Led Operations.
2. This guidance should include the method of release of mission specific EOD information held by the EODTIC to Partner Nations engaged in specific NATO Lead Operations.

2.3 ASSURANCE

2.3.1 Inspection Visit

1. An Inspection visit is to be carried out annually by the Chairman of EODWG's EODTIC Operations Team, or another national representative. Each Chairman should visit EODTIC at least once during term of office to review operations with the Director and co-ordinate with the host nation to ensure that the centre is functioning correctly.
2. Each ratifying nation will take its turn conducting the annual inspection - sequence will be in alphabetical order and the Director Operations EODTIC will co-ordinate administrative arrangements for the inspection with the next country in sequence at the preceding EODWG meeting
3. As Host Nation of the EODTIC, GBR will not conduct inspections.

2.3.2 Inspection Reports

The HoD of the inspecting nation should produce a report for the EODWG. This inspection report will form a handover document, a copy of which will be provided to the next HoD in the inspection sequence.

⁴ **Tactical control (TACON)** The detailed and, usually, local direction and control of movements or manoeuvres necessary to accomplish missions or tasks assigned. 01 Oct 2001 AAP-6

CHAPTER 3 RESPONSIBILITIES OF THE EODTIC
--

3.1 RESPONSIBILITIES OF THE EODTIC**3.1.1 Peace**

The responsibilities of the EODTIC in peace are to:

a. Maintain a library of EOR/EOD publications and information on the following subjects:

(1) Explosive Ordnance (EO) including Improvised Explosive Devices(IED) and EOD giving functional and descriptive information on EO and disposal procedures for Unexploded Explosive Ordnance (UXO).

(2) EOD tools, equipment and procedures.

(3) EOD training syllabi and programmes

(4) Obsolete and historic EO.

(5) EOD operations, accidents and incidents which NATO nations consider worthy of international interest.

(6) EOD related equipment

b. Continuously seek to expand and improve the contents of the library from all available sources.

c. Keep participating nations informed of the contents of the library and respond to requests for information (RFIs).

d. Provide secure custody for such sensitive EOD information as provided by member nations for release during ALERT / Activation Warning (ActWarn)

3.1.2 Alert

The responsibilities of the EODTIC during an ALERT prior to NATO led Operations, either Article 5 or non-Article 5, are as in paragraph 3.1.1 above plus to:

a. Receive such additional sensitive EOD information as may be provided by member nations.

- b. Release to member nations at ALERT/ActWarn, or as soon as possible thereafter, all sensitive EOD information.
- c. Collate information on first seen enemy explosive ordnance received from national Point of Contact (PoC) and to distribute it to all designated PoCs.
- d. Assess the need for additional manning to enable continuous operations, informing ACO for inclusion of this requirement in the Combined joint Statement of Requirement (CJSOR).

3.1.3 Operations

The responsibilities of the EODTIC in NATO led Operations are as in paragraph 3.1 and 3.2 above plus, when augmented and instructed to by ACO, move to continuous operations.

3.2 IMPLEMENTATION OF RESPONSIBILITIES

The EODTIC is to:

- a. Catalogue the contents of the EODTIC library. This catalogue is to be issued to all participating nations and is to be used by them as the basic reference document for requesting information. The catalogue is to state the language of the original documents. A brief extract in English and/or French is to be included (Peace only).
- b. Distribute half yearly updating amendments to the catalogue, together with a summary in English and/or French, of the collected publications. This updated catalogue shall also indicate the language of the original document (Peace only).
- c. Distribute immediately important information, such as that concerning new methods and developments.
- d. Obtain publications and information from available sources as advised by the EODWG and member nations.
- e. Provide photocopies, drawing and explanatory notes as necessary in response to RFIs by participating nations.
- f. Lend or arrange for the loan of data held by the EODTIC. Only material held in duplicate is to be loaned (Peace only).
- g. Provide participating nations with a half yearly report on the work and activities of the EODTIC. The report prepared nearest to December should include a copy of the financial statement of the actual cost of operating the

EODTIC during the previous financial year ending 31 March, as well as an estimate of the operating costs for the current and forthcoming year.

h. Provide participating nations with a portable hard-drive containing the EODTIC library database. When sufficient documents are received as to make an update to the database viable, the EODTIC will arrange for the collection of the portable hard-drives, the updating of the database and the subsequent re-issue of the portable hard-drives. The storage of the hard-drives and any release of information contained therein is subject to national security caveats.

3.3 EXERCISES AND TRAINING

3.3.1 Exercises

1. The operational concept of operations, procedures and administrative arrangements are to be validated in NATO exercises. Such exercises are to include live exercises (LIVEX)⁵ and Command Post Exercises (CPX)⁶ and may be single component or Joint⁷.

2. These exercises may include National EOD exercises on an opportunity basis.

3.3.2 Training

If requested, EODTIC Staff will provide brief on the capability and procedures of the organisation to National EOD Operators courses on a case by case basis for all nations that have ratified and implemented STANAG 2834 (AEODP-9).

⁵ Live Exercise (LIVEX) - An exercise using real forces and units.

⁶ Command post exercise (CPX) - An exercise in which the forces are simulated, involving the commander, his staff, and communications within and between headquarters.

⁷ Joint / multiservice - Adjective used to describe activities, operations and organizations in which elements of at least two services participate

INTENTIONALLY BLANK

CHAPTER 4 EQUIPMENT AND PROCEDURES
--

4.1 EQUIPMENT.

The EODTIC is to be equipped, as necessary, to ensure the efficient running of the centre.

4.2 STAFF OF THE EODTIC**4.2.1 Routine Staffing**

The EODTIC is to be staffed adequately by the custodian nation so as to be able to discharge its peacetime responsibilities. The job descriptions for the EODTIC Staff are at Annex A to D

4.2.2 Augmentation

During the planning of NATO Led Operations additional manpower is to be sought via the CJSOR process to enable continuous operation of the EODTIC. The job descriptions for these Staff are at Annex E.

4.3 PROCEDURES**4.3.1. Requests for information**

1. Requests for information (RFIs) may be submitted in any format, however, where possible, units should use the NATO Ordnance Report Form (STANAG 2369), detailed at Annex F.

2. Units submitting a RFI should complete as many details as possible, ensuring that the first line of additional comment indicates the priority or when required by. The form should then be forward to EODTIC. Initial contact may be by telephone or fax:

- (1) Tel +44(0) 1869 329086
- (2) Tel +44(0) 1869 329087
- (3) Fax +44(0) 1869 329141

3. Unclassified information may be passed by e-mail via the internet to:

Enquiries@eodtic.co.uk
Harry.Lewis@DEMSTRGREGT.ARMY.MOD.UK
David.Parkes@DEMSTRGREGT.ARMY.MOD.UK

4. Secure communication may be passed by e-mail on the NATO Secret Wide Area Network (NSWAN) or signal message.

4.3.2. Provision of Information

1. EOD TIC will update the NATO Ordnance Report Form with appropriate information from record, including '*most like*' if no definitive information is available and reply to the unit submitting the RFI by the time required, but will not provide *full publications*.
2. The EOD TIC will provide information to:
 - a) NATO Nations after implementation.
 - b) EOD Units from implementing nations on national operations, exercises or training.
 - c) EOD Units from NATO nations on NATO led operations or exercises.
 - d) EOD Units from non-NATO nations on NATO led national operations or exercises (however this may be edited to meet security caveats).
3. The EOD TIC is not able to provide information to:
 - a) EOD Units from non-implementing NATO nations on national operations, exercises or training.
 - b) EOD Units from non-NATO nations on national operations, exercises or training.
 - c) Non-governmental organisations.
 - d) Commercial enterprises.

4.4 SECURITY

Classified information received, held and transmitted by the EODTIC is to be treated in accordance with current NATO security requirements. The highest security classification of material to be handled in peacetime is COSMIC TOP SECRET.

ANNEX A DIRECTOR OF OPERATIONS.

A.4 Job Description

1. The Director of Operations (DOO) of the Explosive Ordnance Disposal (EOD) Technical Information Centre (TIC) is responsible for the efficient management of NATO's EOD technical library and making the information contained therein available to EOD operators on the ground and their controlling staff from the 13 NATO nations, including UK, that resource the Centre in accordance with STANAG 2834 for which the incumbent is responsible.

2. The DOO is to be information technology (IT) literate and ensures that the holdings of the technical library are kept up to date and can be accessed in a timely manner to meet NATO's operational EOD requirements. The post also acts as the Centre's principal security officer.

3. The DOO manages the Centre's civilian staff, attends relevant EOD conferences and conducts in-country liaison with the approved NATO customer base. The incumbent makes the case to the NATO nations involved for the annual Budget for the Centre and manages the outturn in accordance with the control totals laid down.
4. The DOO attends the meetings of the EOD Working Group and speaks as Custodian of STANAG 2834.
5. The incumbent is answerable to the EOD Working Group via the Chairman of the EODTIC Operations Panel. For administration on a routine basis the DOO is answerable to the Host Nation EOD WG Head of Delegation, currently SO1 Policy and Plans at Defence EOD and Search Staff at Army HQ (a British Army Lieutenant Colonel) although routine support will be provided by the Commanding Officer, Defence Explosive Ordnance Disposal and Search Training Regiment, St Georges Barracks, Bicester Garrison.
6. IT IS ESSENTIAL THAT THE INCUMBENT IS A FULLY TRAINED AND EXPERIENCED AS AN EOD OFFICER OR AN IMPROVISED EXPLOSIVE DEVICE DISPOSAL OPERATOR TO A STANDARD RECOGNIZED BY NATO.

ANNEX E EODTIC ADVISOR

E.1. MINIMUM STANDARDS OF PROFICIENCY *EODTIC ADVISOR*

1 of 3 positions to be manned by augmentees during NATO ALERT or to provide additional capability for continuous EODTIC operations when directed by ACO.

To be included in the Combined Joint Statement of Requirement (CJSOR) for fill by NATO / National voluntary contribution.

Must:

1. Possess the minimum standards of proficiency for an EODoperator as laid down in Annex C of AEODP 10.
2. To collate information on first seen enemy explosive ordnance received from national Point of Contact (PoC) and to distribute it to all designated PoCs.

E.2 ENGLISH

Must be able to communicate at standard NATO proficiency in English 3 – 3 – 3 – 3

E.3. INFORMATION TECHNOLOGY

Must be able to use IT including NS WAN / MS OFFICE proficiency level – European Computer Driving Licence (ECDL) or equivalent.

E.4 SUSTAINMENT

This post will be operated in a 24/7 shift pattern sending nation is responsible for appropriate manning levels.
