Observation Date :	2018-10-24
Reference :	NLLP access procedure
Observation :	CoE are interesting in having civilian participants in the Col. Nevertheless, a complex procedures present them from being NLLP users.
Discussion :	The procedure states that non-military people (police, IO, ONG, etc) must send a letter to COS JALLC, then an sponsor must approve the request for members of their organization. This procedure is very slow, and non effective. CoE POC can foster them IOT to have a faster procedure.
Conclusion :	CoE can foster INLLP users
Recommendation :	change the procedure
