SUMMARY OF QUALIFICATIONS:

- Active TOP SECRET / SCI Clearance
- Seasoned all source intelligence analyst
- Experienced Project Manager in the intelligence community
- Certified Instructor of multiple intelligence disciplines and systems

PROFESSIONAL EXPERIENCE:

Lockheed Martin, Senior Intelligence Analyst

Joint Task Force Guantanamo Bay Cuba, 2005 – Present

- Supported Joint Intelligence Group by providing in-depth all source analysis on high value detainees that focused the interrogations of over 140 detainees to help meet the reporting needs of the intelligence community worldwide.
- Documented a baseline methodology of counter-interrogation techniques and behaviors used by detainees. Analysis provided a knowledge base that directly supported the Interrogation Control Element and aided interrogation efforts.
- Provided direct intelligence support that was key to additional collection and exploitation of al Qaeda members and other known terrorist organizations that furthered investigations into locating and dismantling active terrorist cells.
- Assisted in interrogation planning, reporting, and analysis of human intelligence, reviewed collection requirements and facilitated reporting from human sources by providing quality assurance prior to report circulation.
- Disseminated fused in-depth all source analysis products to law enforcement, intelligence organizations, and foreign government services in support of the global war on terror.

Honorable Military Service, Intelligence Specialist, US NAVY 1996 – 2005

- Experienced in multi-faceted joint operations in the United States intelligence community with expertise in analyzing terrorism, force protection threats, geo-political concerns, and foreign military operations using all source analysis methods.

- Managed intelligence personnel and systems in several operational environments performing a wide range of time sensitive intelligence support to several operations to include, DESERT FOX, NOBLE and FLEXIBLE ANVIL, NORTHERN and SOUTHERN WATCH, ENDURING FREEDOM, and IRAQI FREEDOM.
- Produced vast amounts of intelligence products of advanced quality from raw information. Assembled and analyzed multi-source operational intelligence in support of intelligence operations, briefings, reports, and analytical programs in various worldwide theaters.
- Trained over 400 intelligence personnel in a wide array of intelligence systems, databases, imagery tools, and other critical intelligence disciplines.
- Developed curriculum for USJFCOM Regional Joint Intelligence Training Facility (RJITF) that was tailored to provide students the necessary tools to function in a multitude of joint operational environments.
- Designed and developed an interactive, automated on-line project management interdependency and conflict resolution system that spanned all command levels and tracked over 4,000 tasks, providing invaluable information on scheduling, cost, man hours, and impact studies which identified problems and task duplication prior to occurrence.
- Recognized expert with technical expertise in intelligence systems and a diverse operational background with accomplishments that have greatly enhanced the efficiency and productivity of numerous intelligence centers around the world.

EDUCATION / TRAINING:

Anticipated Graduation July 2006 Troy University, Troy, AL
M.S. International Relations / National Security Affairs

2002 - 2004 American Military University, Charlestown, WV
B.A. Homeland Security / Law Enforcement Intelligence

1996 Navy Marine Corps Intelligence Training Center, Virginia Beach, VA
Naval Intelligence Specialist / Analyst Training

CERTIFICATIONS:

- IT Project Plus / Project Management Certified Professional
- National Imagery Exploitation System (NIES) Instructor
- Modernized Integrated Database (MIDB) Instructor
- GCCS Integrated Imagery and Intelligence (I3) Instructor
- Automated Messaging Handling System (M3) Instructor
- Community On-Line Intelligence System For End Users And Managers (COLISEUM) Instructor
- Starlight Operator

IT SKILL SET:

Analytical

Analyst Notebook, Pathfinder, Biometric Automated Toolset System (BATS), Starlight, Gale Lite, Joint Detainee Information Management System (JDIMS), Modernized Integrated Database (MIDB) Automated Messaging Handling System (M3), GCCS Integrated Imagery and Intelligence (I3), Joint Worldwide Intelligence Communications System (JWICS), Query Tree, IDC

Imagery

Falcon View, Rain Drop, Precision Targeting Workstation (PTW), Electronic Light Table (ELT) National Imagery Exploitation System (NIES), Vexcel

General

MS Office, MS Project, Adobe Photoshop, HTML

AWARDS:

Awarded numerous citations for exemplary executive level briefings, outstanding training capabilities, innovative problem solving skills, management proficiency, leadership, and superior intelligence support to various special operations.
