

**Winter** - December 03, 2005, 01:53:pm Winter approaches from all sides. It's snowed twice this year, but it's only December. I love the snow and ice. So cold. Ice especially, when it's freezing rain. That's so cool. All the streets, roofs of houses, cars, and everything, is covered in a thin sheet of ice. It's beautiful like a winter-wonderland.

*Mood: Dark Music: Goth*

**Vengeance is coming** - December 23, 2005, 09:21:pm It will be a quiet and peacefull morning. A light drizzle will be starting up. The clouds will be grey, so grey. Just the way I like it. Disembowled bodies litter the streets. Some have been decapitated, others hung off bridges and over-passes. Yet, others still lie burning. Flames slowly eating away at their putrid flesh. Glorious. HA HA HA HA HA HA HA HA They have paid this day, they truly have paid. HA HA HA HA HA HA HA HA HA

**Jocks and preps** - January 18, 2006, 09:41:pm I'm so sick of hearing about jocks and preps making life hard for the goths and others who look different, or are different.

The other day on T.V. they were talking about this 15 year old kid that was killed by the cops, cuz' he took a fake gun to school. Then they said he was emotionally disturbed and suicidal. Aaaaa, Duh!! If people were making your life a living hell wouldn't you be hurt emotionally.

How come no one ever talks about those MOTHER FUCKING JOCKS AND PREPS who's fault it is. Oh no. Heaven forbid. We couldn't possibly say that. Why does society applaud jocks? I don't understand. They are the worse kind of people on earth. And the preps are no better, they think they're better than others.....but they're not.

And all of society applauds the jocks and preps. As if we are all supposed to be like them. Newsflash motherfuckers:

Saying that word makes me want to sleep, but I can't.

I wonder what happened to Barbara Borelli from High School? Not that I ever really knew her much. But when you're in High School, you don't really realize, that after graduation, you're never ever going to see most of those people ever again. If I'd a known that, I would'a at least told her I liked her. Maybe hung out with her a bit after school, would'a been fun. Meh, she probably didn't like me anyway. She was always full of energy, running here and there. LOL. I wonder if she's still like that. Guess I'll never know.

Bring back the old Manson.....the good Manson.

I loved Metallica so much. And then they come out with "St-Anger" WTF!!! No, seriously, WHAT THE FUCK!!! It's absolute garbage compared to " Master of Puppets" "Ride the Lightning" or the "Black" albumn. I wouldn't listen to "St-Anger" if they paid me. That's right. You heard me motherfuckers.

**One of Bonnie Parker's Poems** - March 18, 2006, 03:12:am

## THE TRAIL'S END

You've read the story of Jesse James of how he lived and died. If you're still in need; of something to read, here's the story of Bonnie and Clyde.

Now Bonnie and Clyde are the Barrow gang I'm sure you all have read. how they rob and steal; and those who squeal, are usually found dying or dead.

There's lots of untruths to these write-ups; they're not as ruthless as that. their nature is raw; they hate all the law, the stool pidgeons, spotters and rats.

They call them cold-blooded killers they say they are heartless and mean. But I say this with pride that I once knew Clyde, when he was honest and upright and clean.

But the law fooled around; kept taking him down, and locking him up in a cell. Till he said to me; "I'll never be free, so I'll meet a few of them in hell"

The road was so dimly lighted there were no highway signs to guide. But they made up their minds; if all roads were blind, they wouldn't give up till they died.

The road gets dimmer and dimmer sometimes you can hardly see. But it's fight man to man and do all you can, for they know they

can never be free.

From heart-break some people have suffered from weariness some people have died. But take it all in all; our troubles are small, till we get like Bonnie and Clyde.

If a policeman is killed in Dallas and they have no clue or guide. If they can't find a fiend, they just wipe their slate clean and hang it on Bonnie and Clyde.

There's two crimes committed in America not accredited to the Barrow mob. They had no hand; in the kidnap demand, nor the Kansas City Depot job.

A newsboy once said to his buddy; "I wish old Clyde would get jumped. In these awfull hard times; we'd make a few dimes, if five or six cops would get bumped"

The police haven't got the report yet but Clyde called me up today. He said, "Don't start any fights; we aren't working nights, we're joining the NRA."

From Irving to West Dallas viaduct is known as the Great Divide. Where the women are kin; and the men are men, and they won't "stool" on Bonnie and Clyde.

If they try to act like citizens and rent them a nice little flat. About the third night; they're invited to fight, by a sub-gun's rat-tat-tat.

They don't think they're too smart or desperate they know that the law always wins. They've been shot at before; but they do not ignore, that death is the wages of sin.

Some day they'll go down together they'll bury them side by side. To few it'll be grief, to the law a relief but it's death for Bonnie and Clyde.

**My movie** - May 02, 2006, 11:29:pm I've been writing a script for a movie during the last 6 months or so. I'm still working on it, after it's all written up, it'll probably be like 200 pages long. Then I'll have to do major editing, like, take entire scenes out and stuff.

But it's fun. I just don't know how to go about getting someone, like a movie director or producer to look at it. Cuz' I've never been in this field of work before. But I don't need to worry about that just yet, cuz' I don't even know how it's gonna end. Like, I kinda know the final conclusion. But there's tons of extra stuff I can add or delete from the last 20 minutes of the movie.

Like in the movie "SAW 2". The last 10 minutes or so, makes the movie great. And just like that, there's tons of movies where the last bits are spectacular, and only then is the movie a success.

Ever since that girl from Alberta killed her family, they've been going through the pros, and have arrested dozens of people because of what they wrote in their journals (like talking about killing someone), or the pics they got (like holding a gun) or whatever.

Just be careful about what you write. Select "Private Entry" for anything that might be perceived as suspicious. For now.

The little cutie smiles to herself as she starts running. Her greenish-blue eyes glimmer with excitement.

The moderate rain turns to all out thundershowers, a likes of which has never been seen on this wretched earth. From the skies comes a laughter, a laugh like no other.

----- **Death Knight** - July 13, 2006, 09:34:am It rained for three days The sky is grey.....so grey A deep cut slowly makes it's way through the palid clouds, and a figure emerges.

Draped in black cloth. Head to toe, all black Boots as black as tar Cloak lashing to and fro with the wind The hood covers his face entirely The skeletal horse he rides neighs with ferosity as the reigns are pulled to the side to steer the mighty beast to the left. His two-handed sword on his back, axe on his left side, sword on the right. A modified shotgun on a leather sling hangs downwards

The mysterious figure rides down to the earth on what would appear to be an invisible mountain. As his steeds hoofs touch the wet grass, it lets out an angry growl, almost as though it yearns to be elsewhere.

The disgusting human creatures scream in panic and run in all directons, taking with them their lies and deceptions. The Death Knight gazes at the humans with an empty stare, as they knock each

other down in a mad dash to safety. He wishes to slaughter them as they flee, but sensing that his war horse is hungry and quite weary of the long journey, he decides to rest.

It starts to rain slightly, as he heads into the nearby forest for sanctuary. The human noise dimming in his ears as they move deeper into wilderness.

**Raining** - August 24, 2006, 07:20:pm It rained a couple days ago, i

went for a walk in the rain, it wasn't raining much when i went, i really went to get a beer at the Dep, but it was so dark outside, and raining. I just couldn't rush back home.

I just wish the rain didn't pick up, otherwise it would'a been perfect. I see people running from the rain, it makes me laugh. You know, how people quickly rush from their car, or home, or shopping mall, so they don't get wet. I don't get it! Or with their umbrellas (I don't use Umbrellas)

My trenchcoat flew behind me a couple of times when the wind picked up, other than that not very windy. Just the way I like it. And it was deserted, every street, it looked like everyone had died. Cuz' there wasn't a person anywhere. Another reason i liked it. lol. Well, not no one on one. I did see some people, but like 95% less population than regular.

Ever notice that when the clouds turn grey the humans become sparse, like, even before the rain, even if there is no rain. I'll never understand humans. The way they live their lives, their feelings, the things they want to do in life, probably has something to do with these invisible gods they pray to. Meh.

**Hip Hop isn't music it's inferior** - August 28, 2006, 02:15:am Hip hop isn't music, it's just animals jumping up and down, like monkeys. Why don't the men respect the women, why are the men always calling the women "bitches" and "hos"?, but more importantly, why do these women like to be talked to like this, and treated like this?

Someone actually told me Snoop Doggy Dog is a poet. Can you believe that. A poet? You see...you see...people actually believe this. Animals...just animals. Have you seen some of their videos that play 24/7 on all the music channels worldwide? It's all image. all the girls are acting like whores, sorry, let me rephrase that...all the girls are whores. I can't understand what has happened to this world.

They keep refering to each other as niggers or niggahs, they're all black, yet they keep saying the "N" word to each other? Does this mean that they understand that they are in fact inferior niggahs? They should stop, and be more gentlemanly and civilized. In one video some rapped is trying to have sex with a car, while eatting fried chicken. WTF!!!

Things weren't like this before. People had respect for each other, they had manners, and a sense of decency.

Stop degrading yourselves, i'm trying to help you

RESPECT WOMEN YOU FUCKING ANIMALS

-----

**What's with.....?** - August 28, 2006, 02:42:pm What's with all the slow lines everywhere? At the dep, at the mall, at the S.A.A.Q., even though we need more people at the cash registers, they keep replacing people with machines....machines that suck, and malfunction.

What's with the construction workers? Why do they get paid so much, to work so slow? The places i've worked, we have to work super fast for so little money. Am i in some sort of Bizzaro world, like i'm the only one in it.

What's with all the bitches? It's almost as though there was some sort of bitch convention somewhere, and 85% of the women went and all agreed to be bitches forever. The other 15% were spared. But having all these bitches in one room gave them a great power. A power not yet seen in this world. It's a special attack move of theirs. It transforms them into super bitches. It's so powerful, that they can only remain in that state for a short period of time, then they go back to being ordinary bitches.

What's with all the assholes? It's like they invited all the men to a huge arena, where all the sports were playing, Soccer, baseball, basketball(for our negro friends), hockey, and others. 85% of the men showed up. And they must have all made a pact to be assholes, and fucktards for the rest of their lives. The other 15% who didn't show up were spared. These creatures were also given a super power of their own. They are able to transform into motherfuckers, backstabbers,

two-faced liars for short times, thus, just like the women, it's a powerful ability, so won't last for too long, as it wears off, they turn back into the ordinary assholes that they were.

What's with people? The governments of the world use scare tactics to fear the populations of the world into submission, and people submit. Pathetic little monkeys. Run little monkeys, go kill each other for your gods that don't even exist, go little monkeys, die for money, money that goes directly into the pockets of world leaders. Run monkeys, quickly, no no, don't ever ask questions like "Why", "How", "That doesn't make any sense", "That's completely illogical". Do as we say little human creatures.

I am ashamed to be part of the human race. Especially people who make fun of the girls on VF.

----- **Where's Waldo? I think not! Where's Barbara is the true question!!** - September 04, 2006, 03:57:am I was thinking of Barbara Borelli yesterday.

I saw her in a dream. She was just standing there smiling at me. She looked like a princess. All in white clothes, and she was just smiling, the most beautiful smile, but didn't say anything, and i just looked at her, i tryed to look at her ears to see how many piercings she had by now, but couldn't see anything other than her face. There was a bright white light shining from all over, around her body, from the ground up, from the sky down, all over, a super bright white light. I couldn't stop looking in her eyes, it almost felt like if i stopped gazing into her eyes, that i would die. For a second i thought she was trying to tell me something, I wanted to run up to her and hold her, and touch her, to see if she was real, cuz' this dream felt different than others i've had. But i couldn't move. I wanted to look down to see if there was something holding my feet and keeping me from moving, but i couldn't take my eyes off her.

It was weird. Cuz' usually I have dreams about people being

murdered, hung, getting shot in the head, and stuff like that. Sometimes it's me that that stuff is happening to, and it's always dark and cold. But this was so different.

I wonder what happened to her? She was a girl that went to my high school. We hardly ever spoke, we were in like two different groups of friends, so our paths rarely crossed. She always looks so preoccupied with stuff. I liked her, guess I should have told her or something, just to let her know and stuff, not that anything would have happened, but it would'a been nice.

I wonder what she's up to? Maybe she owns her own business or something (seemed like something she'd like). It always made me smile when she went running down the halls, screaming at the top of her lungs, arms and legs flailing in every direction. Like some sort of escaped mental patient or something (I mean that in a good way). She was really sweet. (But loud) Bet if she ever stumbled upon my web page, she'd hunt me down and smack me for that. lol.

Wonder if she'd have let me call her Bar-bar if we had been friends. Bar-bar sounds nice to me. Hey! Hey Bar-bar!! Where are you? You're not under my bed, or in my basement, or dancing on the roof!!

:(

Have fun Barb :)

----- **Postal dude rulz** - September 10, 2006, 05:37:am Wish they make Postal 3, like really really good. Postal 2 Share the Pain was o.k. but too childish, i want them to make a game so realistic, that it looks and feels like it's actually happening. Perhaps when they come out with Postal 4 (If they ever do)

Not just the graphics, but there should be more to do, other than just shooting people for no reason, there needs to be a plot, and a good story line. But i doubt Vince Desi cares what i have to say :(

And there should be music, a good soundtrack, with tunes from Marilyn Manson, Rammstein, Disturbed, and many others, you know what kinda' bands we like. Mmmmmm, what else, what else? Make it longer, ummmmmm, you know the kind'a things i want, and also make a small additional game, just like the first postal game, but with graphics of today (that'll just be a little fun thingy on the side) All concentration should be on the main game, guess it'll have to be for Postal 4 cuz' the 3rd ones already being made.

Hope no one kills the makers of the Postal game, cuz' those guys rock. If someone does attack "Running With Scissors" or any of you guys, it'll be those religious fanatics, like those guys that kill abortion doctors and stuff, so watch out!!

I also heard that the Postal movie was gonna suck, not that i know anything, but it's better to postpone production and make it really, really, really, good. Instead of rushing it. It should be a blockbuster movie, that everyone on earth wants to watch, or will want to watch after they here about it from their friends.

You gotta bring Postal into the mainstream. I want more people to

see what I see. By changing the format of the game and movie, you can do it. Just a little, the basis of Postal dude should stay the same, just gotta be a better story line. Lets get to know Postal dude's girlfriend, the places he worked at, the people that pissed him off, all that stuff, in detail, like a real kick ass game/movie

(Postal dude was sad before he became angry and psychotic, that's the part we're never seen in the game. He was normal, but the world made him the way he became, gotta show that in the game and movie too)

Meh, that's it i guess
