

# Injury-Trauma-Pain

Quickly think of the times in your life when you have experienced emotional or physical injury-trauma-damage-pain? If possible muscle test and ask, if you have all the information that is needed at this time. If the answer is no, then ponder on questions, such as: Is it emotional or physical.....What age (can be in the womb).....Family or friends.....Male or female Surgeries.....Accidents, etc. (you can easily release more as you remember it later)

**The purpose of this is to bring to mind all of the negative emotions that have been stored in your cells and your DNA so whatever you bring up, can be completely released instantly! It is like weeding a garden you can't do it all at once! It is a continual process because we choose to plant the weed seeds in our garden again and again with our thoughts!**

**Please release to The Savior or The Violet Flame, whichever feels good to you.**
